

DAO HENG BANK LIMITED

REPORT OF THE DIRECTORS

The directors of Dao Heng Bank Limited (the "Bank") submit their report together with the audited accounts of the Bank and the Group for the year ended 31st December 2002.

Principal activities

The principal activity of the Bank is the provision of banking and related financial services. The principal activities of the subsidiaries are shown in Note 23 to the accounts.

Results and appropriations

The results of the Group for the year ended 31st December 2002 are set out in the consolidated profit and loss account on page 5.

For the year ended 31st December 2002, an interim dividend of approximately HK\$0.04504 per share totalling HK\$234,204,572 was paid on 21st October 2002 (18 month period ended 31st December 2001: first interim dividend of approximately HK\$0.05361 per share totalling HK\$278,780,000 and a second interim dividend of approximately HK\$0.06626 per share totalling HK\$344,544,112).

As of the date of this report, the directors have not yet recommended a final dividend in respect of the year ended 31st December 2002 (18 month period ended 31st December 2001: HK\$0.04627 per share totalling HK\$240,611,384).

Reserves

Details of the movements in the reserves of the Bank and the Group during the year are set out in Note 31 to the accounts.

Fixed assets

Details of the movements in fixed assets during the year are set out in Note 24 to the accounts.

Donations

Donations made by the Group during the year amounted to HK\$178,000 (18 month period ended 31st December 2001: HK\$1,312,000).

Directors

The directors during the year and up to the date of this report are:-

Wong Kwong Shing, Frank - Chairman

Randolph Gordon Sullivan - Chief Executive and Managing Director

Jackson Peter Tai

Fock Siew Wah

Leung Chun Ying

Fung Kwok King, Victor

Cheng Wai Chee, Christopher

Chan Tak Kin

Philippe Paillart

(resigned on 22nd June 2002)

In accordance with Article 98 of the Bank's Articles of Association, all the directors remain in office for the ensuing year.

DAO HENG BANK LIMITED

REPORT OF THE DIRECTORS (CONTINUED)

Interests in contracts

No contract of significance, to which the Bank or any of its subsidiaries or its holding companies or any subsidiary of its holding companies was a party and in which a director of the Bank had a material interest, subsisted at the end of the year or at any time during the year.

Arrangements to acquire shares

The following were arrangements which subsisted at the end of the year or at any time during the year which enabled the directors of the Bank to acquire benefits by means of the acquisition of shares of DBS Group Holdings Ltd (“DBSH”), the ultimate holding company of the Bank, or to be awarded shares of DBSH.

(a) *Share Option Scheme/Plan*

The DBSH Share Option Scheme (the “Option Scheme”) was adopted by the shareholders of DBSH at an Extraordinary General Meeting held on 18th September 1999, to replace the DBS Bank Share Option Scheme (the “DBS Bank Option Scheme”) implemented by The Development Bank of Singapore Ltd (“DBS Bank”) following the restructuring of DBS Bank as a wholly-owned subsidiary of DBSH. The Option Scheme was terminated on 18th October 1999 and the outstanding existing DBSH options will continue to remain valid until the date of expiration of the relevant DBS Bank options which they respectively replaced.

The DBSH Share Option Plan (the “Option Plan”) was adopted by the shareholders of DBSH at an Extraordinary General Meeting held on 18th September 1999 to replace the DBS Bank Share Option Plan (the “DBS Bank Option Plan”) implemented by DBS Bank. The DBS Bank Option Plan had, in turn, been adopted by the shareholders of DBS Bank at an Extraordinary General Meeting of DBS Bank held on 19th June 1999 to replace the DBS Bank Option Scheme.

During the year, options to subscribe for a total of 560,000 shares in DBSH were granted to Messrs. Wong Kwong Shing, Frank, Jackson Peter Tai, Randolph Gordon Sullivan, Chan Tak Kin and Philippe Paillart pursuant to the above DBSH option arrangements. None of the directors acquired shares in DBSH by exercising options granted pursuant to the DBSH option arrangements during the year under review.

(b) *Performance Share Plan*

The DBSH Performance Share Plan (“PSP”) is a stock-based plan where DBSH ordinary shares are given free of charge to eligible employees. The number of shares awarded is based on the DBSH Group’s 3-year period performance as well as the performance of the individual. At the start of the 3-year performance period, an eligible employee will be advised of the number of DBSH ordinary shares that he could receive at the end of the performance period, which is based on his demonstrated performance. During the year, Messrs. Wong Kwong Shing, Frank, Jackson Peter Tai, Chan Tak Kin and Philippe Paillart were eligible to receive performance shares under the PSP.

(c) *Vesting of Shares*

During the year, a total of 178,100 DBSH shares were vested in Messrs. Wong Kwong Shing, Frank, Jackson Peter Tai and Randolph Gordon Sullivan under the PSP or as part of the retention packages to the relevant director(s).

Apart from the above, at no time during the year was the Bank or any of its subsidiaries or its holding companies or any subsidiary of its holding companies a party to any arrangement to enable the directors of the Bank to acquire benefits by means of the acquisition of shares in or debentures of the Bank or any other body corporate.

DAO HENG BANK LIMITED

REPORT OF THE DIRECTORS (CONTINUED)

Management contracts

No contracts concerning the management and administration of the whole or any substantial part of the business of the Bank were entered into or existed during the year.

Compliance with the guideline on “Financial Disclosure by Locally Incorporated Authorized Institutions”

The Group has fully complied with the requirements set out in the guideline on “Financial Disclosure by Locally Incorporated Authorized Institutions” issued by the Hong Kong Monetary Authority.

Auditors

The accounts have been audited by PricewaterhouseCoopers who will retire at the forthcoming annual general meeting.

A members’ resolution was passed on 12th November 2002 to appoint Ernst & Young as auditors of the Bank for the financial year ending 31st December 2003 until the conclusion of the annual general meeting in 2004.

On behalf of the Board

Wong Kwong Shing, Frank
Director

Hong Kong, 10th February 2003

DAO HENG BANK LIMITED

AUDITORS' REPORT TO THE SHAREHOLDERS OF DAO HENG BANK LIMITED

(Incorporated in Hong Kong with limited liability)

We have audited the accounts set out on pages 5 to 54 which have been prepared in accordance with accounting principles generally accepted in Hong Kong.

Respective responsibilities of directors and auditors

The Hong Kong Companies Ordinance requires the directors to prepare accounts which give a true and fair view. In preparing accounts which give a true and fair view it is fundamental that appropriate accounting policies are selected and applied consistently.

It is our responsibility to form an independent opinion, based on our audit, on those accounts and to report our opinion to you.

Basis of opinion

We conducted our audit in accordance with Statements of Auditing Standards issued by the Hong Kong Society of Accountants. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the accounts. It also includes an assessment of the significant estimates and judgements made by the directors in the preparation of the accounts, and of whether the accounting policies are appropriate to the circumstances of the Bank and of the Group, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance as to whether the accounts are free from material misstatement. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the accounts. We believe that our audit provides a reasonable basis for our opinion.

Opinion

In our opinion the accounts give a true and fair view of the state of affairs of the Bank and the Group as at 31st December 2002 and of the Group's profit and cash flows for the year then ended, and have been properly prepared in accordance with the Hong Kong Companies Ordinance.

DAO HENG BANK LIMITED

NOTES TO THE ACCOUNTS

1 Principal activities

The principal activities of the Bank and its subsidiaries (the “Group”) are the provision of banking and related financial services.

2 Principal accounting policies

(a) *Basis of preparation*

The accounts have been prepared under the historical cost convention modified by the revaluation of certain fixed assets and investments in securities, and in accordance with accounting principles generally accepted in Hong Kong and comply with Statements of Standard Accounting Practice issued by the Hong Kong Society of Accountants (“HKSA”).

In the current year, the Group has adopted a number of new Statements of Standard Accounting Practice (“SSAP”)s issued by the HKSA which are effective for accounting periods commencing on or after 1st January 2001. The effect of adopting the new standards is included in the respective policy note.

The accounts for the period ended 31st December 2001 of the Group were prepared for a period of 18 months (“the period”) from 1st July 2000 to 31st December 2001. As a result of this change, the comparative amounts for the profit and loss account, statement of changes in equity, cash flow statement and related notes will not be comparable.

As a result of the adoption of new accounting standards and changes in current year disclosures, certain comparative amounts in the accounts have been reclassified to conform to the current year presentation.

(b) *Basis of consolidation*

The consolidated accounts include the accounts of the Bank and all its subsidiaries made up to 31st December. Subsidiaries are those entities in which the Group controls the composition of the board of directors, controls more than half the voting power or holds more than half of the issued share capital. The results of any subsidiaries acquired or disposed of during the year are included in the consolidated profit and loss account from the effective date of acquisition or up to the effective date of disposal, as appropriate. All significant intra-group transactions and balances within the Group are eliminated upon consolidation.

The gain or loss on the disposal of a subsidiary represents the difference between the net proceeds of the sale and the Groups’ share of its net assets, excluding any goodwill previously taken to reserves on acquisition.

In accordance with SSAP 32 “Consolidated financial statements and accounting for investments in subsidiaries”, the accumulated foreign exchange translation difference arising from the translation of net investments in overseas subsidiary companies should be recognised as a profit or loss item upon the disposal of the subsidiary. As the Group had previously recognised such differences in reserves over the holding period of the subsidiary and had not recognised these exchange differences in the profit and loss account on disposal, the adoption of this new standard requires a restatement of prior year results to show a loss on disposal of the Group’s interest in Dao Heng Bank, Inc., a former subsidiary of the Group, in the period ended 31st December 2001.

(c) *Subsidiary companies*

Investments in subsidiaries are stated in the Bank’s balance sheet at cost less provision for diminution in value which is other than temporary as determined by the directors. The results of subsidiaries are accounted for by the Bank on the basis of dividends received or receivable.

DAO HENG BANK LIMITED

NOTES TO THE ACCOUNTS (CONTINUED)

2 Principal accounting policies (continued)

(d) *Investments in jointly controlled entities*

A joint venture is an entity which operates under a contractual agreement whereby the Group or Bank and at least one other party undertake an economic activity which is subject to joint control and none of the parties involved has unilateral control over the economic activity.

The consolidated profit and loss account includes the Group's share of the post acquisition results of its jointly controlled entities for the year. In the consolidated balance sheet, investments in jointly controlled entities are accounted for under the equity method and are stated at cost and adjusted for the post acquisition change in the Group's share of jointly controlled entities' net assets.

(e) *Revenue recognition*

- (i) Interest income is recognised in the profit and loss account as it accrues. In the case of doubtful debts, interest is credited to a suspense account which is netted off against accrued interest receivable except for credit card advances and overdrafts, where interest is accrued and the related specific provision on the interest receivable is included in the charge for bad and doubtful debts.
- (ii) Fees and commission income are recognised when earned or incurred except where the fees are charged to cover the costs of a continuing service to, or risk borne for, the customer, or are interest in nature. In these cases, the fees are recognised on an appropriate basis over the relevant period.
- (iii) Dividend income is recognised when the right to receive payment is established.
- (iv) Cash rebates granted in relation to residential mortgage loans are capitalised and amortised on a straight-line basis over the prepayment penalty period not exceeding three years.

(f) *Provisions for bad and doubtful debts*

Provisions are made against specific loans and advances as and when the Group has doubt on the ultimate recoverability of principal or interest in full. Specific provision is made to reduce the carrying value of loan or advance, taking into account available collateral, to the expected net realisable value based on the Group's assessment of the potential losses on those identified loans and advances on a case-by-case basis. Where it is not possible to estimate the loss realistically, the Group applies pre-determined provisioning levels to the unsecured portion of loans and advances based on the classification of the respective loans and advances.

The Group internally classifies loans and advances into pass, special mention, substandard, doubtful and loss. The classification of loans and advances is largely based on the assessment of the borrower's capacity to repay and on the degree of doubt about the collectibility of interest and/or principal. The periods that payments of interest and/or principal have been overdue are also taken into account when classifying the loans and advances. A specific provision is made against loans and advances where there is doubt about the collectibility of interest and/or principal.

In addition, amounts have been set aside as a general provision for bad and doubtful debts. Both specific and general provisions are deducted from "Advances to customers" in the balance sheet.

When there is no realistic prospect of recovery, the outstanding debt is written off.

DAO HENG BANK LIMITED

NOTES TO THE ACCOUNTS (CONTINUED)

2 Principal accounting policies (continued)

(g) *Repossessed assets*

Assets acquired by repossession of collateral for realisation continue to be reported as advances. Provision is made on the shortfall between the expected sales proceeds from realisation of the repossessed assets and the outstanding advances.

(h) *Translation of foreign currencies*

Transactions in foreign currencies are translated at exchange rates ruling at the transaction dates. Monetary assets and liabilities expressed in foreign currencies at the balance sheet date are translated at rates of exchange ruling at the balance sheet date. Exchange differences arising in these cases are dealt with in the profit and loss account.

The balance sheet of subsidiaries and jointly controlled entities expressed in foreign currencies are translated at the rates of exchange ruling at the balance sheet date whilst the profit and loss is translated at an average rate. Exchange differences are dealt with as a movement in reserves.

(i) *Fixed assets and depreciation*

(i) Premises

Premises are stated at cost or valuation less accumulated impairment losses and less depreciation calculated to write off the assets over their estimated useful lives on a straight line basis as follows:

Freehold land	Not depreciated
Leasehold land	Over the unexpired period of leases
Buildings	Higher of 2% per annum, or over the unexpired period of leases
Leasehold improvements	Lesser of period of lease, or 8 years

Some of the Group's premises are included at directors' valuation made having regard to independent professional valuations carried out in 1993. The surplus arising on revaluation is credited to the revaluation reserve. Additions to revalued premises made subsequent to the revaluation are included at cost. Premises which have not been the subject of a revaluation are included at cost. The Group places reliance on paragraph 80 of SSAP 17 which provides exemption from the need to make regular revaluations of premises.

(ii) Investment properties

Investment properties are interests in land and buildings in respect of which construction work and development have been completed and which are held for their investment potential, any rental income being negotiated at arm's length.

Investment properties are stated at cost or estimated open market value as determined by the directors less accumulated impairment losses. Investment properties are not depreciated except where the unexpired term of the lease is 20 years or less in which case depreciation is provided on the carrying amount over the remaining term of the lease.

DAO HENG BANK LIMITED

NOTES TO THE ACCOUNTS (CONTINUED)

2 Principal accounting policies (continued)

(i) *Fixed assets and depreciation (continued)*

(iii) Furniture, fixtures and equipment

Furniture, fixtures and equipment are stated at cost less accumulated impairment losses and accumulated depreciation. Depreciation on furniture, fixtures and equipment is calculated to write off the assets on a straight-line basis over their estimated useful lives of between 3 and 15 years.

(iv) Impairment

At each balance sheet date, both internal and external sources of information are considered to assess whether there is any indication that premises, furniture, fixtures and equipment are impaired. If any such indication exists, the recoverable amount of the asset is estimated and where relevant, an impairment loss is recognised to reduce the asset to its recoverable amount. Such impairment losses are recognised in the profit and loss account except where the asset is carried at valuation and the impairment loss does not exceed the revaluation surplus for that same asset, in which case it is treated as a revaluation decrease. The impairment losses were assessed in accordance with the requirements of SSAP 31 "Impairment of assets" which the Group adopted in the current year.

(v) Gain or loss on disposal

The gain or loss on disposal of a fixed asset is the difference between the net sales proceeds and the carrying amount of the relevant asset, and is recognised in the profit and loss account. Upon the disposal of an investment property, the relevant portion of the revaluation reserve realised in respect of any previous valuation is released from the investment properties revaluation reserve to the profit and loss account. For premises, any premises revaluation reserve balance remaining attributable to the relevant asset is transferred to retained earnings on disposal and shown as a movement in reserves.

(j) *Investments in securities*

(i) Held-to-maturity securities

Held-to-maturity securities are dated debt securities which the Group has the expressed intention and ability to hold to maturity. These securities are stated at cost adjusted for the amortisation of premiums or discounts arising on acquisition over the periods to maturity, less provision for diminution in their value which is other than temporary. Provisions are made for the amount of the carrying value which the Group does not expect to recover and are recognised as an expense in the profit and loss account as they arise.

The amortisation of premiums and discounts arising on acquisition of dated debt securities is included as part of interest income. Profits or losses on realisation of held-to-maturity securities are accounted for in the profit and loss account as they arise.

DAO HENG BANK LIMITED

NOTES TO THE ACCOUNTS (CONTINUED)

2 Principal accounting policies (continued)

(j) *Investments in securities (continued)*

(ii) Trading and non-trading securities

In order to align with the accounting policies of other DBS entities in Hong Kong, the Group has changed its accounting policy on the treatment of securities which are not held-to-maturity. The Group has adopted the alternative treatment as set out in SSAP 24 “Accounting for investments in securities”, to replace the benchmark treatment used in prior years. The effect of this change in accounting policy is set out below:

Securities which are not held-to-maturity are now classified as being either trading securities or non-trading securities. Trading securities are stated at fair value. Changes in fair value of trading securities are recognised in the profit and loss account as they arise. Fair value represents the quoted market price for securities that are actively traded in a liquid market. For securities which are not actively traded, fair value is estimated by way of various pricing techniques including discounted cash flow analyses. Profits or losses on disposal of trading securities, representing the difference between the net sales proceeds and the carrying amounts, are recognised in the profit and loss account as they arise.

Non-trading securities include debt and equity securities which are not held for trading purposes and are stated at fair value on the balance sheet. Changes in fair value of non-trading securities are recognised in the investments revaluation reserve until the security is sold or determined to be impaired, at which time the cumulative gain or loss representing the difference between the net sales proceeds and the carrying amount of the relevant security, together with any surplus/deficit transferred from the investments revaluation reserve, is included in the profit and loss account.

(k) *Deferred taxation*

Deferred taxation is accounted for at the current tax rate in respect of timing differences between profit as computed for taxation purposes and profit as stated in the accounts to the extent that a liability or asset is expected to be payable or receivable in the foreseeable future.

Future deferred tax benefits are not recognised unless their realisation is assured beyond reasonable doubt.

(l) *Hire purchase contracts and finance leases*

Where the Group is a lessor under finance leases and hire purchase transactions, the amounts due under the leases, net of unearned finance income, are recognised as a receivable and are included in “Advances to customers”. Finance income implicit in rentals receivable is credited to the profit and loss account over the lease period so as to produce an approximately constant periodic rate of return on the net investment outstanding for each accounting period. Dealer commissions paid for hire purchase contracts or lease financing loans are included in “Other assets” and are amortised against interest income over the life of the contract or lease term on an effective yield basis.

(m) *Operating leases*

Leases where substantially all the risks and rewards of ownership of assets remain with the lessor are accounted for as operating leases. Rentals applicable to such operating leases net of any incentives received from the lessor are charged to the profit and loss account on a straight line basis over the lease term.

Where the Group is a lessor under operating leases, rentals receivable under operating leases are credited to the profit and loss account on a straight line basis over the lease term.

NOTES TO THE ACCOUNTS (CONTINUED)

2 Principal accounting policies (continued)

(n) Provisions

Provisions are recognised when the Group has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation, and a reliable estimate of the amount can be made. Where the Group expects a provision to be reimbursed, for example under an insurance contract, the reimbursement is recognised as a separate asset but only when the reimbursement is virtually certain.

(o) Sale and repurchase agreements

Securities sold under sale and repurchase agreements are considered to be, in substance, secured loans. Therefore the securities are maintained on the balance sheet at amortised cost or fair value depending on their classification as held to maturity securities, non-trading securities or trading securities and the proceeds of the sale are included in “Deposits from customers” or “Deposits and balance of banks and other financial institutions” depending on the identity of the counterparty. The difference between the sale price and the repurchase price is amortised to interest expense on an effective yield basis over the period from the date of sale to the date of repurchase.

Conversely, securities purchased under agreements to resell are not recognised on the balance sheet and the purchase cost is recorded as “Advances to customers” or “Placements with banks and other financial institutions” depending on the identity of the counterparty. The difference between the purchase price and resale price is amortised to interest income on an effective yield basis over the period from the date of purchase to the date of resale.

(p) Cash and cash equivalents

For the purpose of the cash flow statement, cash and cash equivalents comprise balances with less than three months maturity from the date of acquisition including cash, balance with banks and other financial institutions, treasury bills, other eligible bills and certificates of deposit.

(q) Off-balance sheet financial instruments

Off-balance sheet financial instruments arise from futures, forward, swap and option transactions undertaken by the Group in the foreign exchange, interest rate and equity markets. The accounting treatment adopted for these instruments is dependent upon the intention for which the transactions are undertaken, as elaborated below.

(i) Trading transactions

Derivative transactions undertaken for trading purposes include transactions to service customers’ needs and for proprietary purposes, as well as any related hedges. Derivative transactions undertaken for trading purposes are measured at fair value. The resultant profits and losses arising on re-measurement of trading transactions at fair value are included in the profit and loss account as “Other operating income”. Unrealised gains on derivative transactions which are held at fair value are included in “Other assets” in the balance sheet. Unrealised losses on transactions which are held at fair value are included in “Other liabilities”.

DAO HENG BANK LIMITED

NOTES TO THE ACCOUNTS (CONTINUED)

2 Principal accounting policies (continued)

(q) *Off-balance sheet financial instruments (continued)*

(ii) Non-trading transactions

Certain derivatives may be designated as a hedge of interest rate, exchange rate or price exposures that are inherent in the assets and liabilities of the Group.

The criteria required for a derivative to be classified as a designated hedge are:

- a) the derivative instrument must be reasonably expected to match or eliminate a significant proportion of the risk inherent in the assets, liabilities, other positions or cashflows being hedged and which results from potential movements in interest rates, exchange rates and market values; and
- b) there is adequate evidence of the intention to hedge. Linkage with the underlying risk inherent in the assets, liabilities, other positions or cashflows being hedged, must be established at the outset of the transaction.

Profits and losses on derivatives entered into for specifically designated hedging purposes against assets, liabilities, other positions or cashflows measured on an accrual accounting basis are included in the related category of income or expense in the profit and loss account on the same basis as that arising from the underlying hedging transactions.

Hedging transactions, which have been superseded, cease to be effective or are terminated prior to the end of the life of the assets, liabilities, other positions or cashflows being hedged, are measured at fair value. Any profit or loss arising is deferred and amortised as interest income or expense in the profit and loss account over the remaining life of the items previously being hedged.

When the underlying assets, liabilities, other positions or cashflows are terminated prior to the hedging transactions, or anticipated transactions are no longer likely to occur, the hedging transactions are measured on a fair value accounting basis prior to being transferred to the trading portfolio. The profit or loss arising from the fair value measurement prior to the transfer to the trading portfolio is included in the category of income and expense in the profit and loss account relating to the previously hedged transactions.

Derivative transactions which do not meet the criteria required to be classified as a hedge but which are entered into to manage the interest rate positions of the Group are also classified as non-trading transactions. Income and expenses arising on derivative transactions undertaken for this purpose are accounted for on an accruals basis within interest income and expense.

(iii) Fair values of derivative transactions

The fair value of a derivative is the amount at which the instrument could be exchanged or settled between knowledgeable and willing parties in an arm's length transaction. Where available, quoted and observable market prices are used as the measure of fair value. Where such quoted and observable market prices are not available, fair values are estimated based on a range of methodologies and assumptions regarding risk characteristics of various financial instruments, discount rates, estimates of future cash flows, future expected loss experience and other factors. Changes in the assumptions could materially affect the resulting fair value estimates.

DAO HENG BANK LIMITED

NOTES TO THE ACCOUNTS (CONTINUED)

2 Principal accounting policies (continued)

(q) *Off-balance sheet financial instruments (continued)*

- (iv) Offsetting of assets and liabilities arising from derivative transactions

Derivative transactions are offset only when the Group has the ability to insist on net settlement such as by means of entering into a master netting agreement or other legally enforceable arrangements. Any right to insist on a net settlement that is contingent is only taken into account when the Group is able to enforce net settlement in all situations of default by the other party or parties including insolvency of any parties to the contract, and the ability to insist on a net settlement is assured beyond doubt.

Derivative transactions are not offset unless the related settlement currencies are the same, or are denominated in freely convertible currencies for which quoted exchange rates are available in an active market.

(r) *Employee benefits*

- (i) Profit sharing and bonus plans

Liabilities for profit sharing and bonus plans due wholly within twelve months after the balance sheet date are recognised when the Group has a present or constructive obligation as a result of services rendered by employees and a reliable estimate of the obligation can be made.

- (ii) Pension obligations

The Group offers a mandatory provident fund scheme and participates in a defined contribution plan operated by a subsidiary of the Group's ultimate holding company, the assets of which are generally held in separate trustee — administered funds. These pension plans are generally funded by payments from employees and by the Group.

The Group's contributions to the mandatory provident fund scheme and defined contribution plan are expensed as incurred and are reduced by contributions forfeited by those employees who leave the scheme or the plan prior to vesting fully in the contributions.

- (iii) Equity compensation benefits

There is a Share Option Scheme and a Share Option Plan run by the Group's ultimate holding company. Under the Scheme and the Plan, share options are granted to eligible staff. There is also a Performance Share Plan run by the Group's ultimate holding company. Under this plan ordinary shares in the ultimate holding company are given free of charge to eligible employees based on the performance of the DBS Group and of the individual.

Equity compensation benefits resulting from the issue of share options to the Group's employees are not recognised in the Group's accounts.

(s) *Contingent liabilities*

A contingent liability is a possible obligation that arises from past events and whose existence will only be confirmed by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group. It can also be a present obligation arising from past events that is not recognised because it is not probable that an outflow of economic resources will be required or the amount of obligation cannot be measured reliably.

A contingent liability is not recognised but is disclosed in the notes to the accounts. When a change in the probability of an outflow occurs so that outflow is probable, it will then be recognised as a provision.

(t) Related party transactions

For the purposes of these accounts, parties are considered to be related to the Group if the Group has the ability, directly or indirectly, to control the party or exercise significant influence over the party in making financial and operating decisions, or vice versa, or where the Group and the party are subject to common control or common significant influence. Related parties may be individuals or entities.

3 Interest income

	Year ended 31st December 2002 HK\$'000	18 months ended 31st December 2001 HK\$'000
Interest income on listed investments	410,755	1,176,273
Interest income on unlisted investments	723,909	2,234,665
Other interest income	3,721,534	9,795,205
	<u>4,856,198</u>	<u>13,206,143</u>

4 Interest expense

Interest expense includes interest on the 7.75% fixed rate subordinated notes amounting to HK\$159,679,000 (18 months ended 31st December 2001: HK\$239,505,000).

5 Other operating income

	Year ended 31st December 2002 HK\$'000	18 months ended 31st December 2001 HK\$'000
Fees and commission income	840,663	1,257,664
Less: fees and commission expenses	(130,148)	(123,984)
Net fees and commission income	710,515	1,133,680
Net income from foreign exchange operations	132,275	133,567
Dividend income from listed investments	10,237	18,537
Dividend income from unlisted investments	8,729	5,848
Gross rental income from investment properties	3,134	4,901
Net profits from other dealing activities		
- Net gain from trading securities	37,437	21,298
- Net (loss)/gain from other dealing activities	(2,197)	138,470
Others	61,605	9,478
	<u>961,735</u>	<u>1,465,779</u>

DAO HENG BANK LIMITED

NOTES TO THE ACCOUNTS (CONTINUED)

6 Operating expenses

	Year ended 31st December 2002 HK\$'000	18 months ended 31st December 2001 HK\$'000
Staff costs		
- Salaries and other costs	839,057	1,448,230
- Pension costs	53,453	49,862
Premises and equipment expenses excluding depreciation		
- Rental of premises	41,107	76,335
- Others	155,738	221,980
Depreciation	187,571	348,850
Management fees	38,646	63,906
Auditors' remuneration	5,866	6,399
Other operating expenses	327,060	515,001
	<u>1,648,498</u>	<u>2,730,563</u>

The costs above include staff costs and other operating expenses of HK\$18,100,000 (18 months ended 31st December 2001: HK\$79,436,000) relating to retention packages for certain key staff of the Group and other costs incurred as a result of the reorganisation of the Group.

7 Restructuring charges

The restructuring charges incurred in 2001 are related to initiatives to streamline the Group's operating functions and realign certain business activities following the acquisition of the Group by DBS Group. These costs principally comprise severance costs in connection with the planned rationalisation of the Group's branches and replacement of computer systems. (Note 29(b))

8 Impairment of fixed assets

An impairment loss of HK\$241,136,000 (18 months ended 31st December 2001: HK\$141,620,000) was recognised during the year as a result of the impairment of certain premises within fixed assets. The impairment loss was primarily a result of a reduction in property values and partly due to a reduction in the expected future cash inflows generated by those premises, including those branches scheduled for closure.

10 Net gain on disposal of non-trading securities and held-to-maturity securities

	Year ended 31st December 2002 HK\$'000	18 months ended 31st December 2001 HK\$'000
Net gain/(loss) on disposal of non-trading securities	18,175	(431)
Net gain on disposal of held-to-maturity securities	889	113,254
	<u>19,064</u>	<u>112,823</u>

11 Directors' emoluments

The aggregate amounts of emoluments payable to directors of the Bank during the year/period are as follows:

	Year ended 31st December 2002 HK\$'000	18 months ended 31st December 2001 HK\$'000
Salaries, housing and other allowances and benefits in kind	<u>17,585</u>	<u>19,074</u>

DAO HENG BANK LIMITED

NOTES TO THE ACCOUNTS (CONTINUED)

12 Taxation

(a) *Taxation in the consolidated profit and loss account represents:*

	Year ended 31st December 2002 HK\$'000	18 months ended 31st December 2001 HK\$'000
Hong Kong profits tax on estimated assessable profit for the year/period	166,207	224,414
Attributable share of estimated Hong Kong profits tax losses arising from investments in partnerships	(14,928)	(119,475)
	151,279	104,939
Investments in limited partnerships written off	11,880	97,735
Hong Kong profits tax	163,159	202,674
Overseas taxation	5,473	5,500
	168,632	208,174
Share of a jointly controlled entity's taxation	19	10,465
	168,651	218,639

The provision for Hong Kong profits tax is calculated at 16% (18 months ended 31st December 2001: 16%) of the estimated assessable profits for the year. Taxation for overseas subsidiaries and branches is charged at the appropriate current rates of taxation ruling in the countries in which they operate.

The Group has entered into a number of aircraft leasing transactions involving special purpose partnerships in which the Group is the only general partner. As at 31st December 2002, the Group's investment in such partnerships, which is included in "Other assets" in the balance sheet amounted to HK\$237,070,000 (31st December 2001: HK\$491,333,000). The Group's investments in limited partnerships are amortised over the life of the partnership in proportion to the taxation benefits resulting from those investments. The total assets and liabilities of such partnerships at 31st December 2002 are HK\$822,000,000 and HK\$581,000,000 respectively (31st December 2001: HK\$2,077,000,000 and HK\$1,442,000,000 respectively).

DAO HENG BANK LIMITED

NOTES TO THE ACCOUNTS (CONTINUED)

12 Taxation (continued)

(b) *Taxation in the balance sheet which is included in "Other liabilities" represents:*

	Group		Bank	
	2002 HK\$'000	2001 HK\$'000	2002 HK\$'000	2001 HK\$'000
Hong Kong profits tax payable	114,835	92,028	113,262	44,426
Overseas tax payable	3,035	1,150	468	105
	<u>117,870</u>	<u>93,178</u>	<u>113,730</u>	<u>44,531</u>

(c) *No deferred taxation has been provided as there are no material timing differences which would result in a liability payable or an asset receivable in the foreseeable future.*

Net deferred taxation assets that have not been recognised in the balance sheet comprise:

	Group		Bank	
	2002 HK\$'000	2001 HK\$'000	2002 HK\$'000	2001 HK\$'000
Accelerated depreciation allowances	(5,354)	(38,810)	(4,380)	(35,743)
General provisions for bad and doubtful debts	109,299	116,958	79,423	73,406
	<u>103,945</u>	<u>78,148</u>	<u>75,043</u>	<u>37,663</u>

The surplus arising on the revaluation of premises and impairment losses on premises do not constitute timing differences as the disposal of these assets at their carrying values would result in capital gains or losses which are not subject to tax.

13 Profit attributable to shareholders

The profit attributable to shareholders is dealt with in the accounts of the Bank to the extent of HK\$999,872,000 (18 months ended 31st December 2001: HK\$1,362,120,000).

14 Dividends

	Year ended	18 months
	31st December 2002 HK\$'000	ended 31st December 2001 HK\$'000
Final dividend proposed and paid for 2001 after the balance sheet date of HK\$0.04627 per share (year ended 30th June 2000: HK\$0.12031 per share)	240,611	625,611
1st interim dividend paid of HK\$0.04504 per share (2001: HK\$0.05361 per share)	234,205	278,780
2nd interim dividend paid for 2001 of HK\$0.06626 per share	-	344,544
	<u>474,816</u>	<u>1,248,935</u>

	69,740,474	71,580,844	51,422,488	50,750,071
Included in advances to customers are:				
Trade bills	602,986	665,707	458,978	458,422
General provisions	(6,030)	(6,663)	(4,590)	(4,590)
	596,956	659,044	454,388	453,832

(a) *Non-performing advances to customers and provisions*

The gross amount of non-performing advances, net of suspended interest, which represent advances on which interest is being placed in suspense or on which interest accrual has ceased, and specific provisions attributable to such advances are as follows:

	Group			
	2002		2001	
	HK\$'000	% of total advances to customers	HK\$'000	% of total advances to customers
Gross non-performing advances	1,719,730	2.42	2,092,584	2.86
Specific provisions made in respect of such advances	(631,939)		(836,617)	
	1,087,791		1,255,967	
Suspended interest	273,450		377,820	

DAO HENG BANK LIMITED

NOTES TO THE ACCOUNTS (CONTINUED)

19 Advances to customers less provisions (continued)

	2002		Bank	
	HK\$'000	% of total advances to customers	HK\$'000	% of total advances to customers
Gross non-performing advances	1,259,931	2.41	1,411,584	2.72
Specific provisions made in respect of such advances	(477,324)		(593,759)	
	<u>782,607</u>		<u>817,825</u>	
Suspended interest	<u>174,463</u>		<u>260,571</u>	

The specific provisions were made after taking into account the value of collateral in respect of such advances.

(b) Advances to customers include finance lease receivables and hire purchase contracts and are analysed as follows:

	Group		Bank	
	2002 HK\$'000	2001 HK\$'000	2002 HK\$'000	2001 HK\$'000
Gross investment in finance leases and hire purchase contracts, receivable :				
Not later than one year	519,208	698,038	25,048	-
Later than one year and not later than five years	1,558,189	2,018,738	97,061	-
Later than five years	4,274,468	4,958,719	387,536	-
	<u>6,351,865</u>	<u>7,675,495</u>	<u>509,645</u>	<u>-</u>
Unearned future finance income	(74,759)	(205,395)	(1,630)	-
Net investment in finance leases and hire purchase contracts	<u>6,277,106</u>	<u>7,470,100</u>	<u>508,015</u>	<u>-</u>

The net investment in finance leases and hire purchase contracts is analysed as follows:

Not later than one year	491,881	634,073	24,326	-
Later than one year and not later than five years	1,518,745	1,908,154	96,165	-
Later than five years	4,266,480	4,927,873	387,524	-
	<u>6,277,106</u>	<u>7,470,100</u>	<u>508,015</u>	<u>-</u>

The unguaranteed residual values included in the gross investment in finance leases and hire purchase contracts as at 31st December 2002 and 31st December 2001 are not considered to be material.

The allowance for uncollectable finance lease receivables and hire purchase contracts included in the provision for bad and doubtful debts amounted to HK\$8,417,000 as at 31st December 2002 (31st December 2001: HK\$3,042,000).

- Leasehold with 10 to 50 years unexpired	18,114	-	56,886
	3,059,980	2,805	3,287,976
The analysis of cost or valuation of premises and investment properties is as follows:			
At cost	2,651,744	2,805	2,656,629
At directors' valuation in 1993	1,027,599	-	1,059,647
	3,679,343	2,805	3,716,276

All other fixed assets are stated at cost.

(b) Operating lease arrangements

The Group leases out investment properties under operating leases. The leases typically run for an initial period of one to five years, and may contain an option to renew the lease after that date at which time all terms are renegotiated. None of the leases include contingent rentals.

During the current year, HK\$3,134,000 (2001: HK\$4,901,000) was recognised as rental income in the profit and loss account in respect of operating leases.

At 31 December 2002, the Group had future aggregate minimum lease receipts under non-cancellable operating leases as follows:

	2002 HK\$'000	2001 HK\$'000
Not later than one year	3,835	2,493
Later than one year and not later than five years	8,920	65
	12,755	2,558

The Bank had no future aggregate minimum lease receipts under non-cancellable operating leases.

	8,807,331	8,233,526	6,800,920	6,349,576

Note:

During the year, the Bank adopted the revised SSAP 9 "Events after the balance sheet date". The Bank no longer recognises dividends proposed or declared after the balance sheet date as a liability as at the balance sheet date. This change in accounting policy is applied retrospectively. No adjustment is required to total liabilities and shareholders' funds as of 31st December 2001 as no dividend had been declared but not yet paid on that date. Opening retained earnings as at 1st July 2000 have been increased to reflect a proposed dividend of HK\$0.12031 per share for the year ended 30th June 2000.

The premises and investments revaluation reserves do not represent realised profits and are not available for distribution.

The general reserve is comprised of transfers from the previous years' retained earnings and is distributable.

The Bank and its banking subsidiaries operate under regulatory jurisdictions which require the maintenance of minimum capital adequacy ratios and which could therefore potentially restrict the amount of retained earnings which can be distributed to shareholders.

DAO HENG BANK LIMITED

33 Material related party transactions

(a) *Transactions with an intermediate holding company and fellow subsidiaries*

As part of the Bank and the Group’s normal course of business, it entered into various transactions with its intermediate holding company and fellow subsidiaries on normal commercial terms. These transactions include interbank placements, taking of deposits and foreign exchange and derivatives.

DAO HENG BANK LIMITED

NOTES TO THE ACCOUNTS (CONTINUED)

33 Material related party transactions (continued)

Information relating to income and expenses from these transactions during the year / period and balances outstanding at the balance sheet date are set out below:

- (i) Income and expenses with an intermediate holding company

	Year ended 31st December 2002 HK\$'000	6 months ended 31st December 2001 HK\$'000
Interest income	41,684	723
Interest expense	22,256	9
Other income	171,691	9,298
Other expenses	32,108	10,497

- (ii) The Group has provided IT services to and received operation services from DBS Kwong On Bank Limited, a subsidiary of DBS Bank during the year. The Group has paid a net amount of HK\$7,080,000 to DBS Kwong On Bank Limited for such services.

- (iii) Balances as at 31st December

Details of balances due from and due to the intermediate holding company and fellow subsidiaries are set out in Note 32 "Balances with Group companies".

(b) Transactions with a jointly controlled entity

Under the Joint Venture Agreement (the "Agreement") between the Bank, Whampoa Limited and Hutchison Dao Heng Card Limited ("HDHCL"), the Bank issues and services credit cards under the Compass brand. The Compass credit card receivable balances are included under "Advances to customers" in the Group's balance sheet. Under the Agreement, loan losses on the Compass cards are borne by HDHCL and accordingly, no provisions have been made in the Group accounts for these balances. The revenues and expenses (including interest income and expense, fee income and loan losses) associated with the Compass cards are recognised by the Group through its 50% share of net profits of HDHCL in the "Share of profit of a jointly controlled entity" line in the Group's consolidated accounts.

Deposits taken from the jointly controlled entity amounted to HK\$874,000,000 as at 31st December 2002 (2001: HK\$545,000,000). Interest expense for the year ended 31st December 2002 paid and payable to HDHCL amounted to HK\$24,897,000 (18 months ended 31st December 2001: HK\$50,790,000). The transactions were priced based on relevant market rates at the time of each transaction and were under normal commercial terms. Gross service fee income from HDHCL to the Group for the year ended 31st December 2002 amounted to HK\$117,542,000 (18 months ended 31st December 2001: HK\$183,000,000).

(c) Transactions with key management personnel

Loans and credit card advances as at 31st December 2002 for key management personnel of the Group amounted to HK\$15,389,000 (2001: HK\$17,101,000). All interest rates in connection with the credit facilities extended are under terms and conditions normally applicable to customers of comparable standing. The interest income from key management personnel receivable by the Group for the year ended 31st December 2002 amounted to HK\$413,000 (18 months ended 31st December 2001: HK\$1,005,000).

(c) Contract amounts, credit risk-weighted amounts and replacement costs (continued)

Bank

	2002			2001		
	Contract amount HK\$'000	Credit risk weighted amount HK\$'000	Replacement cost HK\$'000	Contract amount HK\$'000	Credit risk weighted amount HK\$'000	Replacement cost HK\$'000
Contingent liabilities and commitments	39,799,638	1,108,965	-	36,103,493	852,192	-
Derivatives						
- Exchange rate contracts	68,076,428	168,538	57,305	88,516,288	214,420	118,490
- Interest rate contracts	176,152,860	395,941	1,405,811	58,036,782	112,992	483,399
- Equity contracts	3,209,486	91,924	62,947	1,309,306	26,703	4,221
	<u>287,238,412</u>	<u>1,765,368</u>	<u>1,526,063</u>	<u>183,965,869</u>	<u>1,206,307</u>	<u>606,110</u>

The above amounts are shown on a gross basis without taking into account the effect of bilateral netting arrangements.

The contract amounts of these instruments indicate the volume of transactions outstanding as at the balance sheet date; they do not represent amounts at risk.

The credit risk-weighted amounts are the amounts which have been calculated in accordance with the Third Schedule of the Banking Ordinance and guidelines issued by the Hong Kong Monetary Authority. The amounts calculated are dependent upon the status of the counterparty and the maturity characteristics of each type of contract.

Replacement cost is the cost of replacing all contracts which have a positive value when marked to market (should the counterparty default on its obligations) and is obtained by marking to market contracts with a positive value. Replacement cost is a close approximation of the credit risk for these contracts at the balance sheet date.

(d) Other contingent liabilities

In November 2002, the Group entered into a ten-year outsourcing agreement with IBM with respect to the provision of information technology and related support to the Group's operation in Hong Kong. As with all similar market standard arrangements, there are various termination clauses contained within the agreement that under certain circumstances could require the Group to pay a penalty on early termination of the contract. The exact amount of any penalty amount cannot be reliably determined as it is dependent upon business volumes over the period of the contract and on the timing of the termination itself.

In February 2002, the Group entered into a Life Insurance Bancassurance Distribution Agreement ("Agreement") with CGNU International Insurance PLC. Under the Agreement, the Group and a subsidiary of the Group's ultimate holding company, have a joint and several obligation, to pay a termination fee if the Group terminates the Agreement. The amount of termination fee payable is determined in accordance with the schedule of termination fees included in the Agreement, and ranges from HK\$145,000,000 to HK\$38,000,000, depending on when the Agreement is terminated.

The ultimate holding company is DBS Group Holdings Ltd, a listed company incorporated in Singapore.

40 Approval of accounts

The accounts were approved by the board of directors on 10th February 2003.

DAO HENG BANK LIMITED

UNAUDITED SUPPLEMENTARY INFORMATION

The following information is disclosed as part of the accompanying information to the accounts and does not form part of the audited accounts.

1 Capital adequacy and liquidity ratios

	2002	2001
Capital adequacy ratio	<u>24.47%</u>	<u>22.89%</u>
Adjusted capital adequacy ratio	<u>23.42%</u>	<u>22.61%</u>
Average liquidity ratio	<u>38.41%</u>	<u>47.15%</u>

The capital adequacy ratio represents the consolidated ratio of Dao Heng Bank Limited as required by the Hong Kong Monetary Authority for its regulatory purposes, and is computed in accordance with the Third Schedule of the Banking Ordinance.

The adjusted capital adequacy ratio represents the capital adequacy ratio adjusted to take into account market risk as at the balance sheet date computed in accordance with the guideline "Maintenance of Adequate Capital against Market Risks" issued by the Hong Kong Monetary Authority.

The average liquidity ratio is the simple average of each calendar month's average liquidity ratio for the relevant period calculated for Hong Kong offices of Dao Heng Bank Limited, and is in accordance with the Fourth Schedule of the Banking Ordinance.

2 Components of capital base after deductions

The capital base after deductions used in the calculation of the above capital adequacy ratios as at 31st December and reported to the Hong Kong Monetary Authority is analysed as follows:

	2002 HK\$'000	2001 HK\$'000
Core capital		
Paid up ordinary share capital	5,200,000	5,200,000
Share premium	31,351	31,351
Reserves (eligible for inclusion in core capital)	<u>8,149,464</u>	<u>7,518,588</u>
	<u>13,380,815</u>	<u>12,749,939</u>
Supplementary capital		
Reserve on revaluation of land and interests in land	358,301	395,207
Reserve on revaluation of holding of securities not held for trading purposes	(11,472)	-
General provisions for doubtful debts	696,227	747,380
Term subordinated debt	<u>2,040,278</u>	<u>2,039,995</u>
Gross and eligible value of supplementary capital	<u>3,083,334</u>	<u>3,182,582</u>
Total capital base before deductions	<u>16,464,149</u>	15,932,521
Deductions from total capital base	<u>(445,941)</u>	<u>(545,222)</u>
Total capital base after deductions	<u>16,018,208</u>	<u>15,387,299</u>

The capital base represents the consolidated capital base of Dao Heng Bank Limited Group as at 31st December computed in accordance with the Third Schedule of the Banking Ordinance.

UNAUDITED SUPPLEMENTARY INFORMATION (CONTINUED)

6 Corporate governance

The Board has delegated certain responsibilities to various committees while reserving certain key matters for its approval. The following specialized committees of the Group were established:-

(a) *Board Executive Committee and Sub-committee*

The Board Executive Committee has all the powers of the Board except those powers that can only be exercised by the Board under the law and other matters specified under the terms of reference which require board approval. In practice, the Board Executive Committee functions as a discussion forum for all matters that would, in accordance with the Bank's practice, be approved by the Board. The Board Executive Committee comprises four executive directors appointed by the Board.

For operational efficiency, an Executive Sub-committee comprising two executive directors in Hong Kong has been established pursuant to the Articles of Association of the Bank. The Board Executive Sub-committee is authorized to do all things which are in the ordinary course of business of the Bank as stipulated under the terms of reference. The Board Executive Sub-committee shall report to the Board Executive Committee in respect of the matters which are not on normal commercial terms or which are outside the ordinary course of the business of the Bank, in such manner and at such time or occasion as the Board Executive Committee at its discretion may deem fit.

(b) *Board Audit Committee*

The Board Audit Committee is authorized by the Board to investigate any activity within its terms of reference. Its main duties include inter alia, the review of the Bank's financial statements before submission to the Board, the nomination and appointment of the external auditor, the audit fee and any questions of resignation or dismissal, to review the internal audit programme and consider the major findings of internal investigations and management's response. The Board Audit Committee comprises of the three independent non-executive directors of the Bank.

(c) *Credit Committee*

The Credit Committee serves as an executive forum for discussion and decisions on all aspects of credit risk and its management. It defines the nature of credit risk and oversees the credit portfolio, limits and processes for influencing and managing credit risk of all kinds. Its major responsibilities include the discussion and approval of credit proposals, identification of the Bank's credit risk portfolio and assessment of credit risk taking and asset quality. The members of the Credit Committee are appointed by the Board Executive Committee.

(d) *Asset and Liability Committee*

The Asset and Liability Committee manages the Bank's income against changing interest and currency rate conditions and maturities/duration. It decides on appropriate liquidity adequacy and management and oversees the structure and effects of the entire balance sheet as well as significant off balance sheet assets and liabilities. Its key responsibilities include identifying, measuring and monitoring the liquidity profile, ensuring that current and future funding requirements are met and determining appropriate mismatching, liquidity and other asset/liability position targets and limits from regulatory, product/market and profitability perspectives. The members of the Asset and Liability Committee are appointed by the Board Executive Committee.

6 Corporate governance (continued)

(e) *Risk Management Committee*

The Risk Management Committee provides comprehensive and enterprise - wide oversight, direction and counsel to the management of Market, Operational, Reputation and Legal risks. It serves as an executive forum for discussion and decisions on all aspects of the aforesaid risks and their management. Its key responsibilities include the definition and approval of policies, limit structures, processes and practices for the management and control of the Market, Operational, Reputation and Legal risks and the review and approval of major process reengineering initiatives and related risk measurement, risk monitoring and risk mitigation activities. The members of the Risk Management Committee are appointed by the Board Executive Committee.

(f) *Human Resources Committee*

The Human Resources Committee coordinates all policies, processes and activities across the Group pertaining to the recruitment, training, performance measurement, appraisal and development of staff of the Group. Its key responsibilities include the recruitment and training of staff and monitoring staff performance evaluation processes and coordination of compensation policies and practices. The members of the Human Resources Committee are appointed by the Board Executive Committee.

7 Risk management

The Board and the Senior Management of the Group believe that the ability to develop and maintain top-class risk management skills in measuring, monitoring, interpreting and forecasting the Group's risk profile is a critical internal capability.

The Group has developed and maintained a sound framework of policies and controls for identifying, evaluating, monitoring and controlling key risks pertaining to the Group's business. Key risks inherent in the Group's business include capital management, credit, liquidity, interest rate, market and operational risks where committees, policies, procedures and limits are established to manage them. A stringent product review and approval process is also in place for managing risks in new products and activities. All approval authorities are delegated by the Board and the Senior Management of the Group taking into account the experience of the relevant officers.

Risk related policies and controls are subject to regular review by the relevant business units, Risk Management, Senior Management and committees based on changing customer needs and business conditions. The internal auditors reporting directly to the Board also conduct independent reviews on the adequacy and effectiveness of these key policies and controls and ensure that the Group is operating within the established policies, procedures and limits.

(i) **Capital management**

It is the Group's policy to maintain a strong capital base to support the development of the Group's business and to meet the statutory capital adequacy ratio. Capital is allocated to the various activities of the Group depending on the risk reward criteria and regulatory requirements.

The Group's consolidated capital adequacy ratio of 24.47% as at 31st December 2002 (31st December 2001: 22.89%) was well above the statutory minimum ratio of 8%.

7 Risk management (continued)

(ii) Credit Risk Management

Credit risk is the risk of loss due to the inability or unwillingness of a customer or counterparty to meet its payment obligations.

The Group's Credit Policies and Procedures Manual defines the credit extension and measurement criteria, the credit review, approval and monitoring processes and the system of loan classification and provision. Credit applications are guided by a set of credit principles which all extensions of credit must adhere to and these applications are subject to regular independent review. Business units, credit units and approvers all have the responsibility to ensure that credits are properly assessed and classified and all crucial information is included in the application for the purpose of assessment and approval.

The Group adopts a multi-level credit approval process requiring loan approval at successively higher levels and/or committees (as delegated) depending on, among other things, the size and nature of the proposed transactions.

Credit exposure is represented by the notional or principal value of on and off-balance sheet financial instruments and derivatives. Exposures are monitored against credit limits and other control limits (such as large exposures and concentration limits) by independent credit control units at both the transaction and portfolio levels.

These credit policies and limits are established taking into account factors such as prevailing business and economic conditions, the Group's risk appetite to a single customer, or particular industries or sectors and regulatory requirements.

(iii) Liquidity management

Liquidity risk is the risk that the Group cannot meet its current obligations as and when they fall due and arises from the difference between the maturity profile of the Group's assets and liabilities. The Group's objective is to ensure that the Group can meet obligations at all times as they fall due and to maintain an adequate stock of high quality assets to provide the Group with sufficient resources for contingency purposes.

The Group measures and monitors its liquidity across all classes of assets and liabilities through maintenance of prudent ratios (such as liquidity, maturity mismatch and loan to deposit ratios) and funding policies approved by the Asset and Liability Committee ("ALCO") and Senior Management. ALCO also directs management to prepare contingency plans to meet the liquidity requirement in unexpected circumstances. A prudent level of realizable liquid assets is also maintained by the Group to meet unexpected and material cash requirements.

The Group's average liquidity ratio for the year ended 31st December 2002 was 38.41% (18 months ended 31st December 2001: 47.15%) which was well above the statutory minimum ratio of 25%.

7 Risk management (continued)

(iv) Interest rate risk management

Interest rate risk is the risk that the Group's position may be adversely affected by a change in market interest rate. The Group's interest rate open positions arise from investments and other normal banking activities.

The risk primarily results from the re-pricing gaping of interest-bearing assets and liabilities. Interest rates offered by the Group on lending and deposits are approved by Senior Management. The Group manages its interest rate risk by way of entering into on and off-balance sheet interest rate hedging instruments to hedge the interest rate risk exposure based on market and economic conditions. The interest rate risk exposure is managed by the Group's Central Treasury Unit subject to the limits approved by Senior Management and ALCO. The exposure is independently monitored by Risk Management and reviewed by the Senior Management and ALCO regularly.

(v) Market Risk Management

Market risk arises from the net effect of changes in interest rates, foreign exchange rates, securities, equities and commodity prices as well as in their correlations and volatility levels in the markets in which the Group operates. It arises primarily from the Group's holdings in the trading book of foreign exchange contracts, debt securities and derivatives and other financial contracts.

The Group's market risk limits of the different activities are approved by the Executive Committee. Exposures are measured and controlled by various market risk limits (such as stop loss and time bucket concentration limits). All trading activities are subject to mark-to-market valuation to reflect the current market value of the trading portfolios and their profit and loss. Market risk exposures are monitored independently by Risk Management. Exceptions are reviewed and approved by the appropriate level of Senior Management and the Executive Committee.

The Group adopts a Daily Earnings at Risk (DEaR) methodology in measuring the potential loss with a given confidence level, over a pre-specified horizon. It takes into account all pertinent risk factors and covers all financial instruments which expose the Group to market risk.

(v) Market Risk Management (continued)

The average daily revenue arising from the Group’s market risk related treasury activities for the period ended 31st December 2002 was HK\$2,155,000 (18 months ended 31st December 2001: HK\$883,000) and the standard deviation for such daily revenue was HK\$2,207,000 (18 months ended 31st December 2001: HK\$2,194,000). An analysis of the daily distribution of market risk revenues is as follows:

2002

2001

(vi) Operational risk

Operational risk is the risk of loss attributable to human or procedural errors, system failures, frauds, inadequate internal controls and procedures or other external event risks.

The Group manages operational risk by maintaining a comprehensive system of internal controls, establishing systems and procedures to monitor transactions, positions and documentation, maintaining key backup procedures and undertaking regular contingency planning. Insurance cover is also taken to minimize losses in business operations and holdings of fixed assets.
