

ABOUT COINS

ANCIENT COINS

CHINGGIS KHAAN (1206-1227). Chinggis khaan was born in 1162 as an eldest son of Esukhei Baatar. In 1206 he was proclaimed the Great Khagan of Mongolia and died in 1227. His main great deed is the establishment of unified Mongolian state through joining the separate Mongolian tribes and countries. Researchers and scholars of various countries proclaimed him as a Genius of the Millenium, acknowledging that he was a great organizer, diplomat, politician and warrior (military startegist) who set up the legal system of Mongolia and played a decisive role in development of foreign relations, economy and the art of war. During the period of Chinggis Khagans rule the Mongolians not only been conquering various countries and destroying them, but soon after the conquest they started reconstruction of those countries and paid considerable attention to the revival of the local cities and civilization, to the development of trade and economy at much more higher level whenever before. Another positive role of Mongolian conquerors is their contribution to the social development of the mankind through connecting first time the east and west in terms of the political, economic, trade, cultural and religious relations.

ABOUT ZOOS BANK ...

Zoos Bank, a private commercial bank, offers traditional banking products and services such as demand and time deposits, loans, payment instruments, foreign exchange and financial consulting on investment to its clients.

Zoos Bank was established in May 18, 1999. Today the head office has 8 divisions and departments. The Zoos Bank network consists of 8 branches, 5 settlement units, and 3 cash units in Ulaanbaatar city and rural provinces. We are present in Tuv, Darkhan-Uul, Orkhon, Selenge, Uvs, Uvurkhangai, Huvsgul and Arkhangai provinces.

We, at Zoos Bank, are working hard to contribute to the Mongolian economic growth by supporting critical industries such as oil, mining, construction, agriculture, trade and services. We are also introducing the latest technological know-how and banking products in order to serve our customers better.

We, at Zoos Bank, are successfully implementing programs funded by the World Bank, Asian Development Bank and other international financial organizations. For instance, we were selected to implement the Housing Finance Project Loan, Private Sector Development Project, Micro-Finance Project Loan, Employment Generation Project Loan, and effectively contributing to the National Poverty Reduction Program.

In 2002, Zoos Bank became an affiliate member of the MasterCard International. Starting from March 2003, Zoos Bank is issuing debit and credit Zoos Bank MasterCard. Today Zoos bank is one of the few banks that issue internationally recognized plastic cards bringing modern noncash payment solution to the Mongolian market.

We officially joined the Western Union in 2002, bringing to our customers the fastest money transfer service worldwide.

The new head office building of Zoos Bank has been awarded with the Golden Medal of the Association of the Mongolian Architectures and nominated as one of the Top-10 Constructions of 2003.

In 2003, we were honored with the high title of the "Leading Bank of Mongolia" by the Central Bank of Mongolia. In addition to that, Zoos Bank was ranked in 2002-2003 among the TOP-100 Companies announced by the Mongolian National Chamber of Commerce and Industry in recognition of our contribution to the Mongolian economy.

We, at Zoos Bank, are successfully building on our past accomplishments and further enhancing our cooperation with all domestic and foreign partners.

MESSAGE FROM CEO

Ladies and Gentlemen.

It is my pleasure to present to you the 2003 Annual Report of activities and financial performance of the ZoosBank of Mongolia.

In the reporting period, we introduced new products and services meeting our customer needs, we further strengthened our good working relations with foreign and international banks and financial institutions, and we had been successfully implementing lending programs of the IDA, World Bank, ADB and GTZ. We, at ZoosBank, are building on our past accomplishments and enhancing our cooperation with all domestic and foreign partners.

With the purpose of designing a new bank risk management structure and improving the credit risk assessment capacity, ZoosBank is implementing the Commercial Bank Risk Management Component of the Mongolian Financial Capacity Development Project financed by the International Development Association.

The Bank's lending activities are supporting the priority manufacturing sectors of the Government. At the same time, our loan policy aims to successfully implement the loan programs funded by international and foreign financial institutions, and to assist small and medium business owners throughout the country via our branches and subbranches in the provinces.

According to the 2002 balance sheet, we had a total asset 58 percent growth with a net profit of over MNT 1104,6 million, paying to the state budget MNT 431 million. Also the loan portfolio increased by 41 percent and the number of customers by 95 percent.

We are very pleased with the high honors of the Leading Bank of 2003 Award by the Central Bank of Mongolia and the ranking among TOP-100 Companies for the 2001 and 2002. These awards that elevated the bank's business image have inspired us to further succeed and contribute to the development of the country.

Finally, I would like to express my deepest gratitude to all our customers, domestic and foreign partner organizations, shareholders, management and staff of the Bank for their cooperation, confidence, support and dedication.

Sincerely Yours,

Sh.Chudanjii

LOAN STRUCTURE

PROJECT LOAN STRUCTURE

New instruments such as credit lines to regular and reliable customers, credit card services, and vehicle and housing loan, which is complied with financial ability of the customers and with domestic and social demand have been introduced.

Our bank has been successfully implementing projects and programs such as "Private Sector Development Project", "Micro-Finance Development Project", that are co-implemented by the Ministry of Finance and Economics and the World Bank; "Employment Generation Project", "Agricultural Sector Development Project", and "Housing Finance Project" implemented by the Asian Development Bank; and "Fallow 2002 Program of the Ministry of Agriculture; and therefore, we proudly perform our obligations as a financial intermediary.

INTERNATIONAL RELATIONS

Since 2000, the bank has actively introduced international transactions and settlements such as documentary letters of credit, collection of payments, open account and foreign currency conversion.

In 2003, the amount of foreign transaction settlements through SWIFT has increased by over 70 percent and this growth is mainly due to the fact that foreign transaction related fees were differentiated and reduced; thus, offering the payment method with the lowest fees to our customers.

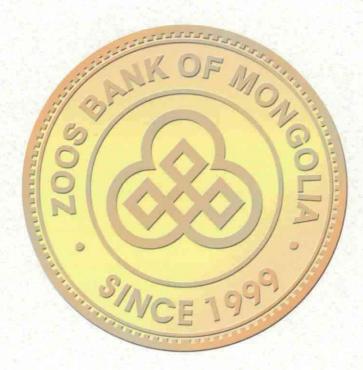

In 2003, the bank employed the policy aimed at expanding foreign relations, strengthening the current relations, and improving the bank's reputation among foreign banks and financial institutions.

By the end of the reporting year, the bank established correspondent banking relations with 6 banks of 5 countries and opened the following 8 nostro accounts:

- COMMERZBANK A.G. Frankfurt am Main, Germany USD Account /400886713700 USD/

- NICOIL Bank Moscow, Russia
 USD Account /30112840021000000067 USD/ RUR Account /30122810001000000067 RUR/

Moreover, in the reporting year, exchanging of information with and receiving transaction from Chase Manhattan Bank and Deutsche Bank through SWIFT became available, direct transaction settlements in such foreign currency as JPY, USD, RUR became accessible as a result of opening nostro accounts with Russian NICOIL Bank (USD and RUR) and Tokyo, Japan branch of Union Bank of California (JPY); and all the above mentioned factors had positive impact on increasing transaction amount and expanding foreign currency exchange.

COMMEMORATIVE COMME

MARKETING

In the reporting year, Zoos Bank has emphasized on refining traditional financial products and services, introducing new ones, that are complied with customer needs and demand, and advertising special feature and superiority of products and services to the public. As a result, in 2003, the number of bank customers has increased by 95.5 percent and the number of deposit holders by 36 percent from the previous year; and demand and saving deposit increased by 63.3 percent to 29824.38 million togrogs.

In 2003, we have expanded our service scope by opening new branches in Tuv, Arkhangai and Khuvsgul provinces.

NEW PRODUCTS AND SERVICES

Based on the research on domestic transfer fees, work load and fees offered by the competitors, the bank has applied changes in its fees, and introduced fast domestic money transfer service, which would execute transfers to and from rural areas within 5 minutes.

In order to coordinate financial relations in regard to transfer of property and ownership right between individuals and economic entities, new service of Escrow account, in which money is held to pay whenever the conditions are provided, was introduced and related contracts and regulations were drawn up. The introduction of this new service was well-timed and perfectly comply with customer needs and demand.

Beginning from September 1, the Zoos Bank has introduced new student deposit service called "Education Fund". This time deposit is a long-term deposit with a floating interest rate and money can be deposited until the student gets primary, junior or high school education; or in other words, in terms of age, the deposit can mature at age of 10 years old, 16 years old and 18 years old. As of December 31, total of 13405.3 thousand togrogs of 169 customers have been deposited.

Private banking service not only creates comfortable service environment for our customers, but also offers financial consulting on money and account management in greater length and customer-oriented services complied with their specific needs and demand. This service became one of the most appreciated services among customers.

In the reporting year, SMS banking, SMS-545 services have been improved to provide customers with timely information about their account balance, transactions, and exchange rates; furthermore, with this service, our MasterCard holders can check their balance on unlimited base.

Since the introduction of MasterCard to the financial market in March, the number of cardholders reached almost 2000 and they possess 6 types of international and domestic cards.

PL PL

PUBLIC RELATIONS

Zoos Bank has paid a special attention to its reputation at the market and the standing among public. Today our banking service covers 40 percent of Mongolia's territory.

One of the important aspects of the state monetary policy is to develop and strengthen non-cash payment system and instruments. Within this framework, Zoos Bank has became an affiliate member of the Master International in November 2002 and introduced its own brand MasterCard to the market in order to in one hand, concentrate cash in the banking system and invest to the real economy, and in the other hand, to bring the banking services closer to customers and offer more convenient services. Zoos bank is the third bank to introduce international card to Mongolian market and the second bank that joined the Master International as a member.

As for the reporting year, our successful implementation of projects financed by international financial institutions such as World Bank, Asian Development Bank is revealed by organizing of the "Investment into Domestic Production" exhibition, which to show productivity of loan and its contribution to the real economy.

Over 40 well-known domestic corporations, economic entities, and manufacturers participated and presented their products in the exhibition; and it could show contribution of investments into domestic production.

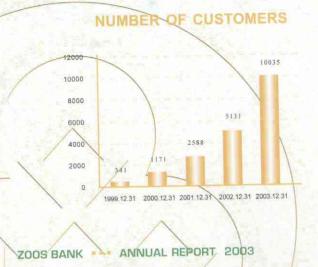

Within the framework of "Respect Customer Program", the Bank organized Customer Days under different topics: promoted the new Zoos Bank building in the 1st quarter; in the 2nd quarter, within the topic "Basic Needs - Risk Free Service", it operated mini bank, promoted card services among the institutions and organizations, offered financial consulting, and distributed promotion brochures to the public; in the 3rd quarter, the topic was "Customer - the King", and bank conducted

survey on whether products and services are complied with customer needs, gave advices to customers regarding new products and services; and in the 4th quarter, topic and activities were related to improving service quality and creating prompt and convenient services.

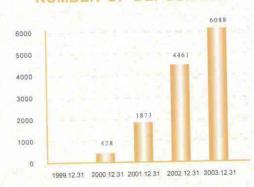

These measures have had positive impact on the increase in the number of customers.

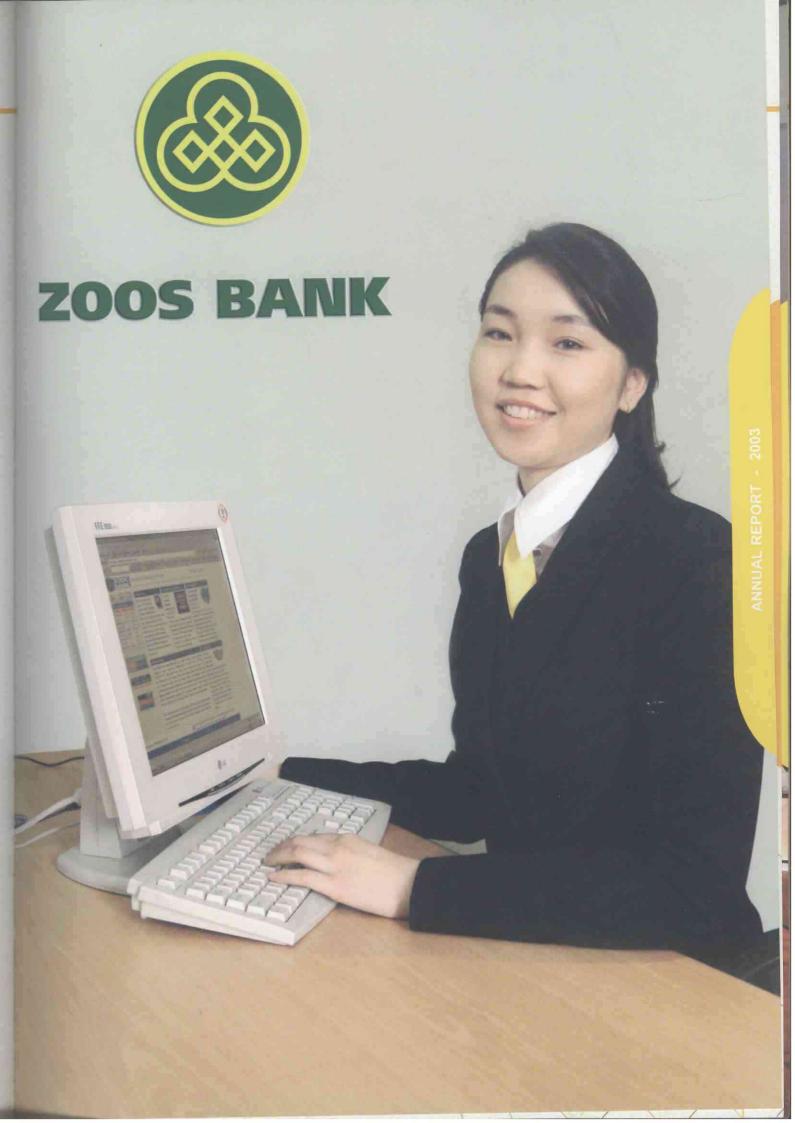

Zoos Bank organized a one-day promotion at the Institution of Finance and Economics and the Mongolian National University on the occasion of the International Student's Day.

NUMBER OF DEPOSITORS

INFORMATION TECHNOLOGY

Since 2002, Zoos Bank in cooperation with Mobicom Corporation has introduced SMS 545, SMS technology of GSM system, enabling customers to receive account information, foreign currency news and other information. In 2003, we connected SMS with the Card Center of Golomt Bank. The Zoos Bank cardholders can check their transactions online through our website.

In the reporting period, Zoos Bank has connected all branches in the city and countryside with the online network. Thanks to this innovation, flow of financial information between the head office and branches became faster.

In 2003, we have closely cooperated with the relevant IT companies to prepare for the introduction of the teller system that comply with international accounting standards.

HUMAN RESOURCE POLICY

In 2003, the number of employee has increased to 217 and the increase is mainly due to expansion of the service scope, establishment of new branches and settlement units, and introduction of new financial products and services.

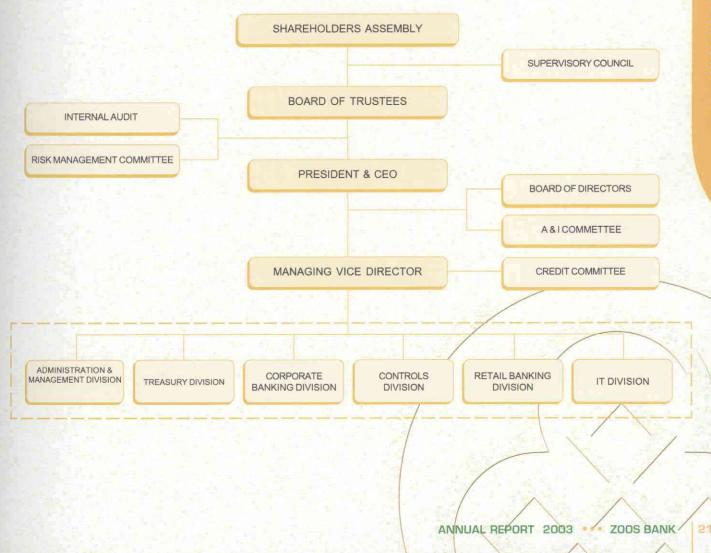

We developed the Human Resources Policy Paper and revised other related regulations and guidelines based on the researches. In addition, we have changed employee's job schedules and drawn up new job descriptions.

We have emphasized on improving professional skills and building creative and

sophisticated team with an ability to compete during this time of technology advancement. Furthermore, by establishing the Cooperation agreement with the School of Economic Studies of the NUM on November 2003, opportunities to employ new highly qualified and educated young stuff, reeducate our stuff, and to co-conduct survey and research works have been provided.

In 2003, 385 employees (by double counting) of our bank participated in the professional training and workshops domestically and internationally.

ORGANIZATIONAL STRUCTURE

INTERNAL AUDIT, BRANCHES

INTERNAL AUDIT ACTION

The Internal Audit Division, with the mandate of the Representative Governing Board, monitors the proper realization of the policies of the management, the implementation of the annual business plan and adherence to the internal rules and regulations as well as examines the accuracy of financial statements. The Internal Audit Division has an autonomous mission to protect the assets of the Bank and reports directly to the Representative Governing Board and the Executive Director.

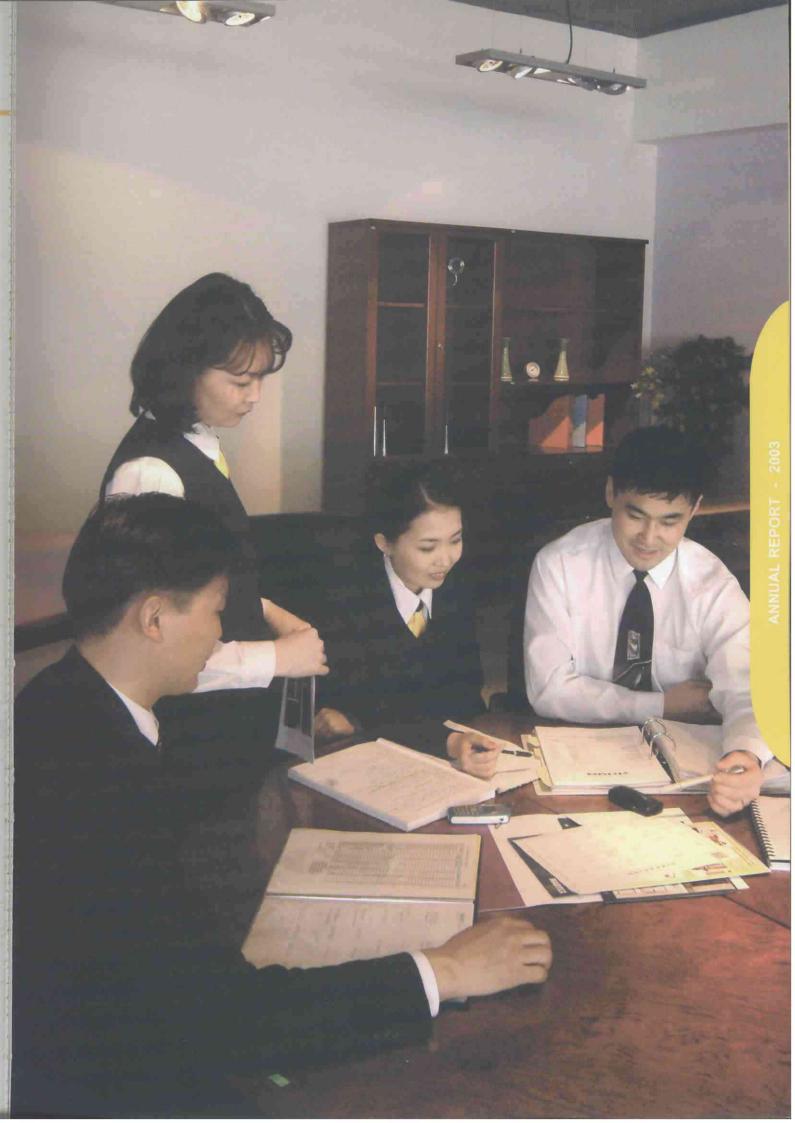

The Internal Audit Division examines the legal framework of the activities of ZoosBank, assists the senior management of the Bank to effectively execute their duties, provides the analysis, review and recommendations concentrating on preventing from probable risks and losses through both on-site and distance monitoring of the activities of the bank and its branches.

BRANCHES

At the end of the reporting year, our bank executed its financial activities through total of 16 branches and units, which are 8 branches in addition to the head office, 5 settlement units and 3 cash units.

We have opened new settlement units in the Bayanzurkh district of Ulaanbaatar city, Tuv, Arkhangai and Khuvsgul provinces as part of our aim to extend our banking services, reach to every customer, attract new customers, and to expand service channels. The establishment of new units granted a favorable opportunity to increase the number of customers, thus, expand the market share, and to improve our bank's reputation.

As of December 31, 2003, consolidated balance of the branches reached to 15580.15 million togrogs, which is higher by 4725.51 million togrogs or increased by 43.53 percent compared to the previous year.

FINANCIAL INDICATORS

December 31, 2002

STATEMENT OF PURPOSE

The purpose of these financial statements is to present fairly the current state of the Zoos bank activities and to report publicly the bank's profits and losses, and cash flow in accordance with the International Accounting Standards (IAS).

These financial statements have also complied with the "General Accounting Principles" and "Commercial Bank General Accounting Rules" of the General Bank - Bank of Mongolia.

2. SIGNFICANT ACCOUNTING POLICIES

a) Interest income and expenses

Calculations of interest income and expenses were based on accrual accounting. The accrual of interest income on loan receivables more than 90 days past due is discontinued. When interest accrual is discontinued, all unpaid accrued interest is reversed. Interest income is subsequently recognized only to the extent cash payments are received.

b) Foreign currency

Monetary assets and liabilities denominated in foreign currencies are translated into MNT at the exchange rates ruling at the end of the day. Income and expenditure are translated into MNT at the exchange rates ruling at the date of transactions.

c) Provision of probable loan losses

Loans are classified by the time and quality indicators. We have set up the Provision of probable loan losses in accordance with the BOM rules.

d) Fixed assets

We calculated fixed assets minus accumulated depreciation. Accumulated depreciation of the fixed assets is calculated by straight-line method that considers the proposed length of lifetime.

e) Other assets

We include, here, receivables, accrued interest receivables on loans, inventory, etc.
