

# T Message to Shareholders Financial Holdings

The year 2003 saw the continued relaxing of monetary policies by industrialized countries, and despite the detrimental effects of the US-Iraq war and the SARS epidemic in the first half of the year, low interest rates encouraged investment and the global economy maintained steady growth. As the global economy continued to emerge from recession, Taiwan and international financial markets saw steady growth on average for the year. As global financial markets continue to become increasingly integrated, we remain optimistic about a continued economic recovery.

Looking back on the past year's achievements, Cathay Life and Cathay Century Insurance saw significant growth in the insurance business, while the successful merger of Cathay United Bank and United World Chinese Commercial Bank, the first instance of a successful integration of banks by a financial holding company, reaffirmed Cathay Financial Holdings's position as the number one financial holding company in Taiwan. As of the end of 2003, Cathay Financial Holdings's total accumulated capital amounted to NT\$83.07 billion, total revenue reached NT\$525.7 billion, and total assets exceeded NT\$2.3 trillion. Our total customer base reached 10 million customers, served by 570 service centers in Taiwan and abroad. In July 2003, we completed a successful Global Depository Receipt (GDR) issue valued at US\$522 million. This issue served not only to raise international recognition of Cathay, but also earned us the 2003 award for "Best Equity Deal (nonrivatization)" from Asiamoney magazine.

Looking forward to 2004, most market research institutions predict continued growth following the momentum built up in the second half of 2003. The insurance business will benefit from an improving economy, a potential rise in interest rates and the easing of insurance regulations, including the raising of caps on overseas investments. In the banking business, overall delinquent loan ratios have fallen significantly, and we have seen a marked improvement in asset quality. At the same time, the improving economy should also help increase earnings from banking. Because the future of the financial industry is full of challenges and opportunities, Cathay Financial Holdings will continue to strengthen the overall efficiency of the entire organization to generate earnings for our shareholders, and maintain a focus on meeting the needs of our customers and providing them with comprehensive financial services. We will also seek out appropriate opportunities for mergers and acquisitions to expand the scale of our business and maintain our industry leadership position. Lastly, we will seek to enter the mainland China market and evaluate opportunities for regional expansion in insurance and banking.

It is my sincere wish that in the coming year, and with the guidance of our shareholders, we will all continue to strive for professionalism and success in every aspect of our business, and to direct all of our efforts towards achieving outstanding results in return for the continued strong support of our shareholders.

Sincerely,

Hong-tu Tsai

#### A. Company Overview

In light of the continuing diversification and globalization of the financial industry, and in order to provide more comprehensive services to our customers, Cathay Financial Holdings was formally established on December 31, 2001 with an authorized capital of NT\$120 billion. Major members of the Group currently include Cathay Life, Cathay United Bank, Cathay Century Insurance and Cathay Venture Capital. We continue to seek out appropriate targets for mergers and acquisitions to expand our operational scale and provide even more comprehensive financial services to our customers. Leveraging our extensive branch office network, large sales agent force and the combined resources of the Group, we seek to capture the benefits of integrated marketing, provide our customers with more professional and more personalized service and provide our shareholders with the greatest investment return.

• Total assets: NT\$2.3 trillion

• Revenue: NT\$525.7 billion

• Service Centers: 570

• Customer Base: Approximately

#### F. Year 2004 Operational Objectives

In 2004, Cathay Financial Holdings and all subsidiary companies will work to implement the following objectives to increase operational efficiency.

1. Strengthen overall group efficiency to increase profits

We will strengthen the Group's core competitive advantages through effective utilization of the specialization of each subsidiary and through integrated marketing and cross-selling. We will also increase profits by lowering operating costs, sharing resources and improving the overall efficiency of the Group.

2. Continue to expand our scale of operations through acquisitions of financial institutions

Following on the successful integration of Cathay United Bank and United World Chinese Commercial Bank, Cathay Financial Holdings will continue to seek opportunities to acquire financial institutions. We will actively work to expand the scale of our banking and securities businesses, promote the integration of sales channels and attract talented personnel to the team to raise the level of professionalism and breadth of expertise to meet the challenges of increasing competition in the financial markets of the future.

3. Provide comprehensive financial services to meet the needs of our customers

We will strive to develop unique financial products and provide comprehensive financial services. We will more effectively monitor product trends, emphasizing both quantity and quality, and develop integrated products that meet customer requirements. Additionally, based on a personalized customer service model, we will seek to establish Cathay Financial Holdings as the most trusted and reliable brand in the financial services industry.

4. Be the leading financial services provider in the Asia-Pacific region

We will maintain our leading position in the Taiwan financial service industry, and will also seek to expand into both the insurance and banking markets in mainland China this year and continue our activities in other areas of the Asia-Pacific region. Our goal is to become the premier financial institution in the Asia-Pacific region and provide all our customers with the highest quality financial services.

#### G. Capital Utilization Plan

1. Complete financial services platform

To establish a comprehensive financial services platform, we will not only continue to expand our dual-core banking and life insurance businesses, but will also evaluate acquisitions of, or strategic alliances with, securities companies or the development of our own securities business in order to provide our customers with even more financial services. Facing an era of increasing financial competition in Taiwan, we will seek to allocate capital in the most efficient manner and complete our comprehensive financial services platform.

2. Support the integration and reorganization projects of each subsidiary

To maximize the overall efficiency of the Group, we will actively assist each subsidiary with integration and reorganization projects, providing all necessary financial and technical support to ensure smooth and effective completion of these projects and the continuity of our strong corporate culture.

3. Actively manage our asset allocation and improve capital utilization efficiency

We will actively manage the allocation of our assets at each of our subsidiaries in response to rapidly changing market conditions. We will also continuously evaluate the financial resources of the Group overall in order to improve our capital efficiency.

4. Place equal importance on profits and risk management and strengthen asset quality

While seeking to expand our business and increase profits, we will also place an equal emphasis on asset quality and risk management. Each subsidiary has established its own independent risk management department responsible for risk management policymaking and planning, implementation, oversight and control. At the Group level, we have also established a Risk Management Committee to oversee all aspects of risk management from an overall group perspective, and to monitor market risk, credit risk and operational risk to protect the quality of our assets and ensure we can meet our goal of generating stable earnings.

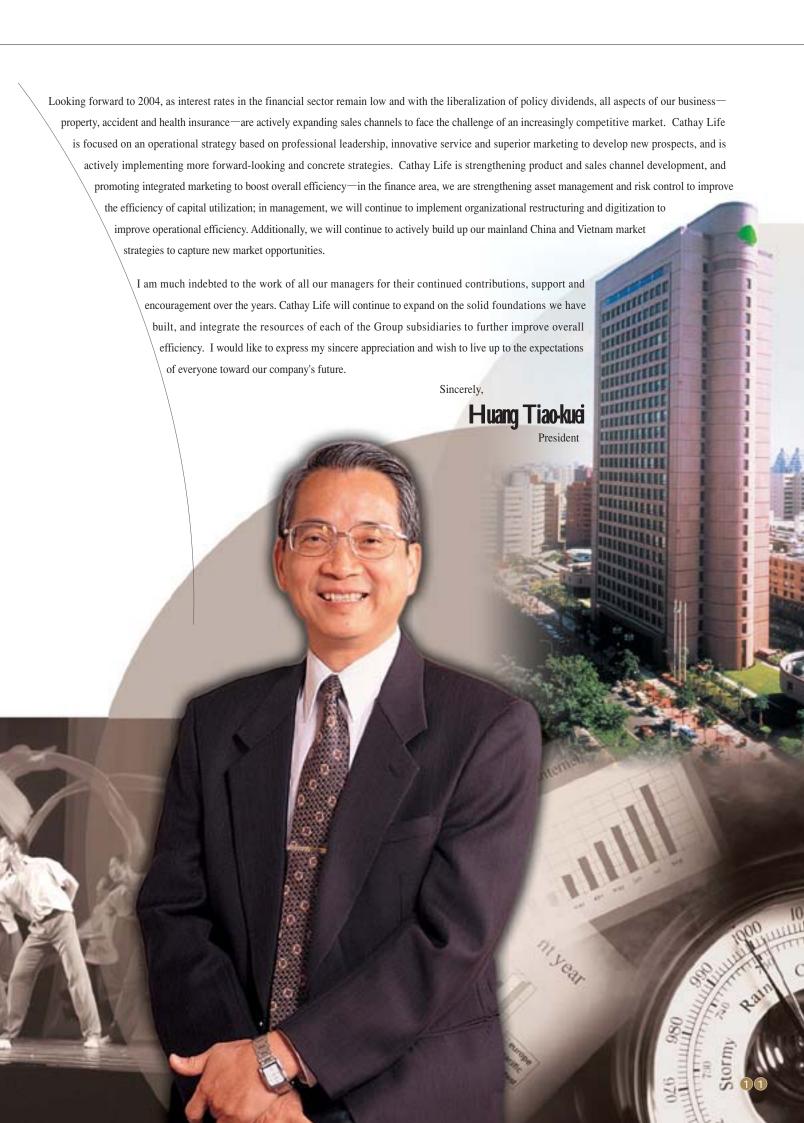

# Subsidiary Company Overviews Cathay Life Insurance Co., Ltd.

#### President's Message

Looking back on 2003, despite a gradual recovery in the economy overall, the life insurance industry continued to face challenges from low interest rates and heavy pressure from financial sales channels. To ensure stable and fair operation of the life insurance industry, the securities oversight institutions implemented an RBC system, enacted liberalization of the policy dividend system, and began easing of caps on foreign investment. These steps helped to solidify the foundations for a sound and impartial life insurance industry.

To respond to a rapidly changing industry environment, Cathay Life has employed a number of proactive and effective operating strategies, worked to strengthen its competitiveness and reinforce its market leadership position. These strategies include developing strategic products to satisfy customer requirements, actively opening up new sales channels, implementing a CRM system to promote diversified marketing campaigns, and continuing to recruit high-calibre marketing personnel to the organization to lead the organizational restructuring. Additionally, we have established a mainland China operation team and a Vietnam research team to assist in our overseas expansion. With the dedication and hard work of our entire staff, the first year premium income from this year reached NT\$61.16 billion; total premium income was NT\$274.58 billion; the number of policies in-force reached 810.4 million.

Cathay Life is committed to a business philosophy based on placing customers first and emphasizing corporate social responsibility. We will continue to develop dynamic, innovative services to satisfy our customers. Examples include being the first to implement electronic signatures in our online insurance policy system, supporting the Cloud Gate Dance Theatre's outdoor performance for eight years in a row and sponsoring the 28th annual national children's drawing competition. For the last six years in a row, Cathay Life has been awarded the "Wenhsin Prize" by the Executive Yuan for its cultural contributions. Because of our outstanding operational achievements, we have received awards from professional organizations and magazines as an industry-leading brand.

### Subsidiary Company Overviews Cathay Life Insurance Co., Ltd.

#### Introduction

Cathay Life Insurance Co., Ltd. was established in August 1962, and received approval for public listing in November 1964 as the first private insurance corporation in Taiwan. Over forty-two years, with the hard work of the entire staff and with the full support of our shareholders, we have continued to cultivate professional personnel and develop new innovative products and services, and we have become firmly established as a leader in the industry. In recent years, in response to industry changes, we have actively applied information technology to increase efficiency in our services. Additionally, we have strengthened our training programs and implemented a performance-based assessment system to raise customer satisfaction with our employees. In 2002, Cathay Life was honored to receive the National Quality Award. In 2003, we were honored with the Best Employer in Asia award.

Personnel: 28,620. Average age: 39. Average seniority: 7.5 years.

# Cathay Financial Holdings

#### Subsidiary Company Overviews Cathay United Bank

#### Chairman's Message

Vice Chairman Tsai and the concerted effort of the entire staff, we have completed a difficult mission—the merger of Cathay United Bank and United World Chinese Commercial Bank. The new Cathay United Bank was successfully launched on October 27, marking the first successful bank merger among all the financial holding companies in Taiwan. The merger involved the adjustment and integration of organizational structures, information systems, business categories, operating procedures, regulatory systems and corporate cultures of both companies.

To complete such a complicated and difficult task in a short

six months was cause for celebration.

To begin with, the two banks had quite different historical backgrounds and business characteristics. Cathay United was established as Taiwan First Investment and Trust Co., Ltd. and reorganized as United National Bank afterwards. For over 30 years, Cathay United Bank had been focusing on the credit card and consumer financial businesses. United World Chinese Commercial Bank had been established for 28 years and been focusing on securities deposits, construction financing and housing loans. The two banks joined Cathay Financial Holdings in 2002 and were merged into one bank last year. After the merger, the scale of the new Cathay United Bank reached NT\$43.18 billion in capital. Total deposits last year amounted to NT\$700.7 billion, total loans amounted to NT\$555.3 billion and the foreign exchange business reached US\$19.1 billion. Total credit cards passed 3 million cards issued, making Cathay United one of the top three credit card issuers in Taiwan. After charging off substantial bad debts, total pre-tax profit was NT\$2.62 billion. Year-end narrow-definition NPL ratio fell to 0.82%, while broad-definition NPL ratio dropped to 2.68%. Overall, the bank's operational achievements were admirable and the capital adequacy ratio was 11.15% for the year.

Throughout the process of implementing the merger, organizational restructuring, and developing new businesses, Cathay United Bank has not forgotten its social responsibilities. Over many years, we have successively established Cathay United Bank Culture and Charity Foundation, Cathay United Financial Library and Cathay United Art Center. We have promoted all types of cultural and charitable programs, and have won the golden award of "Wenhsin Culture Award" from the Council for Cultural Affairs (Executive Yuan) two years in a row. We have also received wide praise and support from our customers and the community in general for our outstanding corporate image.

Looking forward, we will focus our efforts on four main business fields: commercial finance, consumer finance, credit cards and wealth management. And we will also continue to develop new products, improve service quality, expand the scale of operations and strengthen international competitiveness. In cooperation with the other subsidiaries under the group of Cathay Financial Holdings—life insurance, property insurance, investment credit, venture capital, futures, leasing, etc.—we will take full advantage of cross-selling capabilities, raise the overall operational efficiency of the Group, and provide one-stop shopping convenience for diversified, professional financial and wealth management products to the nearly 10 million customers of Cathay Financial Holdings. Our goal is nothing less than to become the best bank in the Greater China region, from the perspective of our customers, the financial oversight institutions and the community in general.

#### Company Overview

Cathay United Bank, originally Taiwan First Investment and Trust Co., Ltd. (TFIT), was established in June 1971, and was formally listed on the Taiwan Stock Exchange in March 1998. In November of that year, TFIT was renamed United National Bank. In April 2002, it formally joined Cathay Financial Holdings, and in July was renamed Cathay United Bank. United World Chinese Commercial Bank was established in May 1975. In 1995, United World merged with Overseas Chinese Trust Corporation and went public in November 1996. In December 2002, United World joined Cathay Financial Holdings. In October 2003, the two banks joined to form Cathay United Bank with United World serving as a surviving bank.

Cathay United Bank currently includes a total of 112 branches throughout the Taiwan region. With three overseas branches and four representative offices, Cathay United has a total of 119 business units worldwide. Cathay United has 816 full-scaled ATM's serving 5.5 million customers. It is Taiwan's third largest private bank, with a 4% market share. Moody's Investors Service assigned Cathay United an A3 rating for long-term bonds and P-1 for short-term bonds in 2003, and gave it a C- rating for financial strength. Standard & Poors gave Cathay United a BBB rating for long-term and an A3 rating for short-term bonds.

Personnel: 3,662. Average age: 33.93. Average seniority: 8.33 years.

| Credit Cards | 4,000,000 cards |

## Subsidiary Company Overviews Cathay Century Insurance Company

#### Chairman's Message

It's been 10 years since the company's inception. Through the concerted efforts of our entire staff, our market share has reached to the first five position in Taiwan. In 2003, following a financial structure expansion, Cathay Century Insurance was awarded an "A-" credit rating from Standard & Poor's and an "A3" rating from Moody's—the second highest in the Taiwan non-life insurance industry. Cathay Century Insurance has also received ISO9001 quality certification for its motor insurance claim system and loss prevention system, affirming our high standards of quality and strong commitment to customer service.

The global economy suffered in the first half of 2003, but began to slowly recover after the conclusion of the US-Iraq war and the control of the SARS epidemic. To stimulate the economy, the government made moves to expand large public works projects and public service programs. Taiwan's IT industry investment also quickened in pace with the recovery, and with the construction of Taiwan high speed railway, and the Kaohsiung Mass Rapid Transit system, and other major construction projects underway, we predict that demand for property and casualty insurance will continue to increase in 2004. The key to prompt our competitiveness is to keep abreast of current market trends and to seize opportunities when the market arises.

With the merger of Cathay United Bank and United World Chinese Commercial Bank, the combined sales channels of the new Cathay United Bank will be a major source of expansion. Meanwhile, we will also expand our networks of sales channels with other banks, exploit corporate and personal banking business and strengthen our competitiveness in the market. As for our products, accident insurance was one of the fastest growing categories in 2003. As new diverse products are being released in property and casualty insurance, we expect this category to be one of our business keystone in this year. Additionally, Cathay Century has released new innovative insurance products including such as, "Comprehensive Marriage Insurance to satisfy market demand for a more diverse selection of insurance products. We will focus even further on improving product development capabilities and create new competitive products that differentiate us from the competition.

To provide customers the best service, we applied CTI technology at the end of 2002 on the telephone customer service and established claims management team to strengthen planning of customer claims handling procedures. These measures help us to analyze customers' demand better, respond with the appropriate improvements for the company, while improving customer service efficiency and expanding service content by leveraging information management tools. These measures are gradually beginning to show their effect. As for internal procedure adjustments, we also established the Efficiency improvement team to inspect and determine which departmental procedures could be refined or simplified to raise the efficiency of departments and individual personnel. These moves all illustrate our determination to provide professional services as a central means of achieving growth.

As for mainland China, the Shanghai Representative Office is officially in operation since January 2003, and we are aggressively expanding into the mainland China market, training business development personnel and working to exploit other international markets.

Looking into the future, the significantly expanded sales channels of the Cathay Financial Holdings group will provide a new turning point for us. In this era with rapidly changing, we will continue to emphasize on training personal, strengthening our profession management skill and consolidating the strengths of the Group as we build on our core competitiveness and strive for long-term development. Finally, I would like to thank all of our employees, shareholders and customers for their support and assistance for the last decade. Cathay Century Insurance will continue to uphold its operational strategy of maintaining stable operations with an equal emphasis on quantity and quality, so that we may keep serving the community and creating a great vision with the Group and all her subsidiary companies.

## Subsidiary Company Overviews Cathay Century Insurance Company

#### Introduction

Since its inception in 1993, Cathay Century Insurance Company has hold a business philosophy of maintaining stable operations with an equal emphasis on quantity and quality, to provide comprehensive property and casualty insurance products. Cathay Century Insruance today is one of Taiwan's top five non-life insurance companies. Besides receiving ISO9001 accreditation in motor insurance claim and loss prevetions system, we have also received a "twAA" rating from the Taiwan Ratings Corporation, an "A-" from Standard & Poor's and an "A3" rating from Moody's. After joining Cathay Financial Holdings in 2002, we began to integrate the resources of the Group to provide more com-prehensive and more professional services to our customers.

#### Year 2004 Operational Objectives

- 1. Expand business sources, utilize banking sales channels
- a. Implement cross-selling through the other subsidiaries of the Group to achieve maximum effectiveness in sales and marketing.
- b. Form strategic alliances with domestic and international financial institutions (life insurance, agencies, banks) to expand combined sales strategies, increase customer bases and expand the range of our business.
- c. Cooperate with non-financial industries to form strategic alliances and develop potential customer bases.
- d. Continue building favorable relations with corporations in the science parks, strengthen training of corporate banking sales channels personnel to expand the scale of operations through cooperation with large corporations.
- e. Seize the opportunities created by the increased scale of the Cathay Financial Holdings group, work through the extensive network of service centers to raise the sales proportion from banking channels, and strengthen the capabilities of sales personnel in those channels.
- 2. Focus on product development and improving service quality
- a. Keep abreast of market movements, develop integrated financial products based on customer requirements and market competitiveness.
- b. In order to deal with up coming products and release of new insurance categories, we set up dedicated product research departments to focus on the company's product development capabilities.
- c. Integrate the information platforms of all subsidiaries, establish advanced customer relations management systems and comprehensively improve the quality of the company's financial services.
  - d. Simplify operating procedures for all underwriting and claim process, establish an outstanding brand image to become the most trusted and dependable non-life insurance company.
    - e. Utilize data warehousing, data mining and other advanced technologies to fully understand consumer behavior, strengthen telephone customer service center functionality, and move toward direct telephone sales.
      - 3. Promote organizational education, hasten enterprise reform
        - a. Continue strengthening personnel training for all staff levels and encourage personnel to acquire financial accreditation and foreign language skills.

- Strengthen training of overseas personnel (including mainland China) to respond to the requirements of multinational insurance markets.
- c. Establish a business culture that encourages innovative thinking, develop a learning organization, and encourage group learning to enhance the overall competitiveness of the organization.
- d. Implement timely organizational reform and restructuring according to market conditions, thereby enabling the company's continued development for the future.
- e. Review the effectiveness of all current policies, strive to eliminate waste and improve efficiency to raise overall business results and dedication of personnel.
- 4. Increase profits by building a more solid financial structure.
- a. As business from large corporations increases, establish strict risk control systems to ensure continued stability of financial structures.
- b. Comply with risk-based capital (RBC) system implementation, strengthen structure of internal capital and risk-based capital, maintain proper debt clearance capability and ensure the rights and interests of customers.
- c. Improve loss prevention technology, lower underwriting risks, increase the retained ratio in order to earn more profit.
- d. Strengthen capital utilization efficiency, establish complete evaluation systems and creat profitability by exploiting newly developing investment channels with international market trends.
- e. Proactively train investment personnel and establish financial intelligence reporting systems, integrate financial management information and raise financial operations efficiency.

FINANCIAL STATEMETS **TOGETHER WITH** INDEPENDENT AUDITOR'S REPORT

#### INDEPENDENT AUDITOR'S REPORT

To: Board of Directors

Cathay Financial Holding Co., Ltd.

We have audited the accompanying balance sheets of Cathay Financial Holding Co., Ltd. (the "Company") as of December 31, 2003 and 2002, and the related statements of income, changes in stockholders' equity and cash flows for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits. We did not audit the financial statements of Cathay United Bank Co., Ltd., (United World Chinese Commercial Bank Co., Ltd. and Cathay United Bank Co., Ltd. are merged on October 27, 2003. United World Chinese Commercial Bank Co., Ltd. is the surviving company but the merged bank is re-named under Cathay United Bank Co., Ltd.) and Cathay Pacific Venture Capital Co., Ltd., wholly-owned subsidiaries of the Company. Total investment for the subsidiaries is NT\$ 68,747 million (US\$ 2,023 million) constituting 41.17% of total assets of the Company as of December 31, 2003, and investment gain is NT\$ 3,438 million (US\$ 101 million) constituting 16.73% of income before taxes of the Company for the year ended December 31, 2003. We did not audit the financial statements of United World Chinese Commercial Bank Co., Ltd. and Cathay United Bank Co., Ltd., which are the wholly-owned subsidiaries of the Company. Total investment for the subsidiaries is NT\$65,382 million (US\$1,884 million) constituting 47.96% of the total assets of the Company as of December 31, 2002, and investment gain is NT\$524 million (US\$15 million) constituting 4.07% of income before taxes of the Company for the year ended December 31, 2002. These statements were audited by other auditors whose reports have been furnished to us, and our opinion, insofar as it relates to the amounts, is based solely on the report of the other auditors.

We conducted our audits in accordance with generally accepted auditing standards in the Republic of China. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits and the reports of other auditors provide a reasonable basis for our opinion.

In our opinion, based upon our audits and the reports of other auditors, the financial statements referred to above present fairly, in all material respects, the financial position of Cathay Financial Holding Co., Ltd. as of December 31, 2003 and 2002, and the results of their operations and their cash flows for the years ended December 31, 2003 and 2002 in conformity with "Guidelines Governing the Preparation of Financial Reports by Securities Issuers", "Guidelines Governing the Preparation of Financial Reports by Financial Holding Companies", and the generally accepted accounting principles in the Republic of China.

Cathay Financial Holding Co., Ltd. has prepared the consolidated financial statements as of December 31, 2003 and 2002 accompany with modificatory unqualified opinion issued by our auditors furnished upon request.

The accompanying financial statements as of and for the years ended December 31, 2003 and 2002, have been translated into United States dollars solely for the convenience of the readers. We have audited the translation and, in our opinion, the financial statements expressed in New Taiwan dollars have been translated into United States dollars on the basis set forth in note 2(13) to the financial statements.

BDO Taiwan Union & Co. Taipei, Taiwan Republic of China January 27, 2004

## CATHAY FINANCIAL HOLDING CO.,LTD NOTES TO FINANCIAL STATEMENTS

(Expressed in thousands of dollars unless otherwise stated)
As of December 31, 2002 and 2001

#### 1. Organization of business scope

On December 31, 2001 Cathay Life Insurance Co., Ltd. ("Cathay Life") was reincorporated as Cathay Financial Holding Co., Ltd. (the "Company") through stock conversion pursuant to provisions of the Republic of China ("ROC") Financial Holding Company Act ("Financial Holding Company Act"). On April 22, 2002, Cathay Century Insurance Co., Ltd. ("Cathay Century") and Cathay United Bank Co., Ltd. ("Cathay United Bank") joined the Company, as two subsidiaries of the Company by stock conversion. On December 18, 2002, United World Chinese Commercial Bank Co., Ltd. ("UWCCB") became a subsidiary of the Company by stock conversion. UWCCB and Cathay United Bank were merged on October 27, 2003. UWCCB was the Surviving Company but the merged bank is re-named under Cathay United Bank Co., Ltd. ("Cathay United Bank (merged)") On July 29, 2003, the Company listed its partial shares of stock on the Luxembourg Stock Exchange in the form of Global Depositary Shares. The Company mainly engages in financial holding business activities.

#### 2. Summary of significant accounting policies

We prepared the financial statement in accordance with generally accepted accounting principles, "Guidelines Govening The Preparation of Financial Reports by Securities Issues" and "Guidelines Govening the Preparation of Financial Reports by Financial Holding Companies". Summary of significant accounting policies is as follows:

#### (1) Distinguish assets and liabilities, current and non-current

Current assets are assets that can be liquidated or disposed within one year. Assets that do not belong to current assets are called non-current assets. Current liabilities are debts that will be paid-off within one year. Debts, which do not belong to current liabilities, are called non-current liabilities.

#### (2) Cash and cash equivalents

Cash includes cash on hand, unrestricted bank deposits, and all highly liquid investments with a maturity of less than three months.

#### (3) Short-term investments

When market value is available, short-term notes are stated at the lower of aggregate cost or market value. The costs of these notes, interest income, and gain or loss due to maturity or as a result of sales of notes are determined by the specific identification method.

Bonds are valued at the lower of cost or market value. The cost of these bonds sold is determined based on the weighted-aver age method.

#### (4) Long - term investments in stocks

Long-term investments in listed companies in which the Company's ownership interest is less than 20% of the voting stock, and over which the Company lacks significant operational influence, are stated at the lower of cost or market value. Unrealized loss thereon is reflected as a reduction of shareholders' equity. Long-term investments in unlisted companies, in which the Company's ownership interest accounted for less than 20% of the common stock, are stated at cost. However, when there is evidence showing that a decline in market value of such investment is not temporary and is already less than cost, the market value becomes the new cost basis and the difference is accounted for as if it were a realized loss, and included in the determination of net income. Stock dividends are not recognized as income but treated as an increase in the number of shares held. Upon sales of long-term equity investments (accounted for under cost method), the difference between the weighted-average cost and sales price is used to compute the resulting gain or loss.

Investments in equity securities are accounted for under the equity method where the Company's ownership interest is 20% or

42

more of the voting shares and the Company has significant operational influence.

If changes occur in the capital structure of the investee companies causing an increase or decrease of the value of the stock, and the Company can no longer maintain its original shareholding, adjustments will be made in the capital surplus and long- term equity investments accounts. If there is any deficiency in the capital surplus account, the difference will be debited to the retained earnings account.

The cost of the disposal of an investment is determined by the weighted-average method.

Unrealized intercompany gains or losses are eliminated under the equity method. Gains or losses from sales of depreciable assets between the subsidiaries and the Company are amortized to income over the assets, economic service lives. Gains or losses from other types of inter-company transactions are recognized when realized.

#### (5) Property and equipment

Property and equipment are carried at cost. Improvement and major renovation of properties are capitalized, while repairs and maintenance are expensed immediately. Upon disposal of an item of property and equipment, the related cost and accumulated depreciation are removed from the accounts.

Depreciation on depreciable assets is computing using the straight-line method over service lives, prescribed by the "Estimated Useful Life of Fixed Assets Table" published by the Executive Yuan of the ROC. "The Executive Yuan Depreciation Table". Properties still used in operations beyond their original estimated service lives are further depreciated over their newly estimated service lives.

#### (6) Deferred charges

Deferred charges are expenses, which are effective more than one year. Deferred charges are amortized over the economic useful life by straight-line method.

#### (7) Convertible bonds payable

The stated redemption price in excess of the face value of a convertible bond is amortized by the effective interest method and is credited to the reserve for bonds redemption accounts. In addition, this amortization is treated as interest expense. The book value approach is used when the conversion privilege of a convertible bond is exercised. In addition, the accounts of convertible bonds payable and reserve amount for bonds redemption are transferred to the accounts of capital stock and capital surplus and, accordingly, no gain or loss is recognized upon conversion.

#### (8) Foreign currency transactions

Foreign currency transactions should be accounted for at cost and recognized on a straight-line method recorded in NT dollars at the exchange rates prevailing on the transaction dates. Gains or losses resulting from adjustments or settlements of foreign currency assets and liabilities are credited or charged to income in the period of actual conversion or settlement. Foreign currency of long-term investment accounted cumulative translation adjustments are treated as adjustments of stock holders' equity. Year-ended foreign currency assets and liabilities are converted at the prevailing exchange rate on the balance sheet date, and any gains or losses resulting from the transactions are credited or charged to current income.

#### (9) Derivative financial instruments

A. Interest rate swaps "IRS"

Interest rate swap transactions may involve the exchange of fixed-rate interest payment for the market floating-rate interest payment obligation based on a notional principal amount. For interest rate swap transactions undertaken for trading purposes, income and expenses arising upon settlement are netted off and recognized in the statement of income and expenditure.

#### B. Options

Premiums paid or received for options are recorded as assets or liabilities, respectively. Gains or losses on exercise of such option are credited to or charged against current income. As of the balance sheet dates, options are marked to market and the resulting gains or losses are credited or charged to current income.

#### (10) Income taxes

The Company adopted Statement of Financial Accounting Standards ("SFAS") No. 22, "Accounting for Income Taxes", which requires inter-period and intra-period tax allocations in addition to computing current period income tax payable. Furthermore, it requires recognition of temporary differences in deferred income tax liabilities, deferred income tax assets, prior year's loss carry-forwards and investment tax credits. The realization of deferred income tax assets should be further assessed and valuation allowance will be estimated, if needed. The prior year's income tax expense adjustment should be recorded as current period income tax expenses in the year of adjustment.

In accordance with article 49 of Financial Holding Company Act, the Company and its subsidiaries company jointly filed corporation income tax returns and 10% surcharge on its unappropriate retained earnings under the Integrated Income Tax Systems. If there is any tax effects due to adopt forgoing Integrated Income Tax System, the Company can proportionately allocate the effects on tax expense (benefit) - deferred income tax and tax payable(tax refund receivable) among the Company and its subsidiaries.

Deferred income tax assets and liabilities are classified as current or non-current depending on the underlying assets or liabilities. Deferred income taxes not relating to assets or liabilities are classified as current or non-current based on the length of the expected realizable or reversible period.

The additional 10% income tax imposed on undistributed earnings is recognized as expenses on the date of the stockholders' meeting.

#### (11) Capital expenditure expenses

Expenditure is capitalized and amortized over its useful life if it involves a significant amount and generate revenues in future periods. Otherwise, it is expensed in the year of expenditure.

#### (12) Treasury stock

The issued stocks can be purchased back by the company and treated as treasury stock, and the cost for this purchase should be credited under the category "Treasury Stock", the face value of these treasury stocks should be calculated separately based on the reason of purchase and in accordance with stock type (common or preferred stock) using the weighted average method. It should be debited under the treasury stock category at time the treasury stock is written off and credited to "capital surplus-stock premium" and capital stock according to stock equity ratio. If the book value of treasury stock is higher than the sum of face value and stock premium, the difference should be charged off to the capital surplus of the same type of treasury stock, the insufficient amount, if any, should be credited to retained earning; if however, the face value of treasury stock is lowered than the sum of face value and stock premium, the difference should be debited to capital surplus that derived from stock exchange of the same type of treasury stock. According to the Ministry of Finance Security and Future Committee (91) article 108164 ruled that the company:

In accordance with article 38 of the financial holding company act, that based on the principle of strict prohibition in cross holding, the initial listing and over the counter financial institution must act in accordance with article 28 of the security exchange to buy back company shares prior to the conversion to a subsidiary of a financial holding company. In addition, article 31 of the financial holding company act indicated that the adjustable period for such conversion is 3 years maximum,

the past due is deemed as unissued shares and should undergo registration amendment and be charged off accordingly. Under the previous circumstance, subsidiary of a financial holding company holds shares that is treated as treasury stock of the subsidiary should act in accordance with article 28-2, that is, ineligibility of equity right before the conversion of those shares. According to the Ministry of Finance Security and Future Committee (91) article 111467 ruled that a financial institution acted in accordance with security exchange article 28-2, item 1, that the buy back of treasury shares where the conversion to a subsidiary of a financial hold is taking place, the mentioned treasury shares, according to Financial Holding Company Act, article 31, although converted to financial holding common shares, should still be listed as treasury shares and deducted from shareholder equity, the same applied to the holding of subsidiary common shares, that the holder of financial holding shares as a result of this conversion, the company should act in accordance with SFAS NO.30 "Treasury Stock Accounting Principle' and treated shares held by the subsidiary as treasury stock in its financial report and income statement.

#### (13) Convenience conversion U.S. dollars

The financial statements are stated in NT dollars. Conversion of the December 31, 2003 and 2002 NT dollar amounts into U.S. dollar amounts is included in the financial statements solely for the convenience of the readers, using the noon buying rate of NT\$33.99 and NT\$34.70 to US\$1.00 effective on December 31, 2003 and 2002, as provided by the Federal Reserve Bank of New York. The convenience conversion should not be construed as a representation that the NT dollars have been, or could in the future be, converted into U.S. dollars at this rate or any other rate of exchange.

#### 3. Changes in accounting and its effects: None

#### 4. Cash and cash equivalents

Please see note 20, "Zero coupon convertible notes related information" for details.

48

#### 8. Common stock

As of December 31, 2003 and 2002, the numbers of issued shares, par value of NT10 dollars (US0.3 dollars), were 8,307,489,100 shares and 8,453,163,100 shares, respectively.

On July 29, 2003, the Company listed its partial shares of stock on the Luxembourg Stock Exchange in the form of Global Depositary Shares.

#### 9. Capital surplus

- (1) Capital surplus was the NT\$53,651,046 (US\$1,578,436) and NT\$56,807,974 (US\$1,637,117) in December 31, 2003 and 2002. Before conversion into financial holding company, NT\$267,215 (US\$7,862) and NT\$1,917,548 (US\$55,261) constituted retained earnings of certain subsidiaries of the Company.
- (2) The additional paid-in capital at par value through exchange of shares was generated from the transfer of the shares of the subsidiaries to the Company. In compliance with Item 4 of Article 47 of the Financial Holding Company Act, the portion of additional paid-in capital from the share exchange which comes from the original financial institution's unappropriated retained earnings is allowed to be distributed as cash dividends.
- (3) In addition, pursuant to the Company Law, capital surplus can only be used to offset deficit or to increase share capital. Capital surplus cannot be distributed as cash dividends. Issuance of new stock from capital surplus can be made only once per year. In addition, the amount to be capitalized should not exceed the specific percentage of capital surplus set by the SFC.

#### 10. Retained earnings

#### (1) Legal reserve

**50** 

Pursuant to the Company Law, 10% and the Company's annual after-tax net income must be allocated as legal reserve until the total amount of the legal reserve equals the issued share capital. This legal reserve can only be used to offset deficit but not for cash dividend distributions. However, if the total accumulated legal reserve is greater than 50% of the issued share capital, up to 50% of such excess can be capitalized if agreed by its stockholders.

#### (2) Unappropriated retained earnings

- According to the Company Law and the Company's articles of incorporation, 10% of the Company's annual earnings, after paying tax and offsetting deficit, if any, should first be added to the legal reserve. After distributing 0.01%~0.05% of total distribution for employee's bonus, the remainder shall be allocated in accordance with the resolutions passed at the stockholders' meeting.
- (3) At the stockholder's meeting of the Company on June 6, 2003, according to the Company's annual earnings by NT\$13,085,153(US\$384,971), capital surplus belongs to unappropriated retained earnings before the subsidiaries stock conversion by NT\$1,917,548(US\$56,415) cash dividends of NT1.5(US0.04) dollars for each stock and disposal of fixed assets retransfer unappropriated retained earnings of NT\$128,170(US\$3,771) were declared. The date of issuing cash dividends was July 11, 2003.
- (4) As the stockholder's meeting of the company resolved on June 27, 2002, declared cash dividends NT\$1.5 dollars each stock and bonus from retained earnings of NT\$137,135 (US\$3,918) in 2001 and capital surplus of NT\$10,278,928 (US\$293,684), which belongs to the subsidiary before conversion. The date of issuing cash dividends was on July 26, 2002.
- (5) Cathay life had acquired 156,927,000 shares of treasury stock. After conversion into a financial holding company, Cathay life treasury stock is treated as the Company's treasury stock without any stockholder rights. Cathay life had been transferred 105,376,000 shares to its employees at transferred price of NT40.54 dollars / share (US1.2 dollars / share). After the transfer transaction, the treasury stock holdings of Cathay life have been reduced to 51,551,000 shares.

- (6) According to the revised Income Tax Law of 1998, the Company is required to pay an extra 10% income tax on all undistrib uted retained earnings generated during the year.
- (7) Under the regulations of the Securities and Futures commission, a special reserve equivalent to the debit balance of any account shown in the shareholders' equity section of the balance sheets, other than the deficit, is made from unappropriated retained earnings. However, the special reserve of equal amounts for prior years' accumulated shareholders' equity contra accounts should only be provided from prior years' unappropriated earnings. If a reversal of shareholders' equity contra account occurs, the reversed portion of the special reserve could be distributed as dividends.
- (8) In accordance with SFC regulations, subsidiaries of financial holding companies that hold shares of their parent company should treat those shares as treasury stock as of January 1, 2002. The cost of these shares cannot be distributed as special reserve.
- (9) Dividends policy
- According to the operating program, stock dividends are for the purpose of retaining operating capital. The remainder is distributed in cash, but cash dividends are a minimum of 10% of the dividends declared.
- (10) In 2003, pursuant to ROC SFC, the information regarding the appropriation of employees, directors and supervisors, and estimate earnings per share will be available on the website of "Market Observation Post System" immediately after the meeting of directors.

According to the regulations issued by Securities and Futures Commission, the Company should assume that the dividends of year 2002 would be appropriated to the employees, directors and supervisors, and pro forma earnings per share for the current year.

#### (2) Financial Instruments Related Information

- (a) Derivative Financial Instruments:
  - 1. Credit and Market Risk

The Company has entered into certain derivative transactions, including interest rate swaps (IRS) and foreign currency options with high credit rating financial institutions. Losses incurred from fluctuations of exchange rate and interest rate can be offset by forward hedging contracts.

#### 2. Liquidity and cash requirement

The primary objective of IRS and foreign currency options is to limit exchange rate and interest rate exposures related to assets and liabilities denominated in foreign currencies and foreign currency commitments, and bearing fixed interest rates. As there will be cash inflow and cash outflow on the expiration date of an IRS contract, no material fund raising risk and cash flow risk.

- 3. Interest Rate Swaps (IRS)
- (1) The purpose of the IRS held by the Company is to hedge the risks that may result from changes in currency rates and interest rates. IRS transactions may involve the exchange of fixed-rate interest payment for the market floating-rate interest payment obligation based on a notional principal amount. For interest rate swaps transactions undertaken for hedging purposes, income and expenses arises upon settlement are netted off and recognized in the statement of income.
- (2) The maturity dates of IRS are from May 20, 2002 to May 20, 2007.

As of December 31, 2003:

| Item | Contract Amount | Due Value    |
|------|-----------------|--------------|
| IDC  | USD 700 000     | LISD 700 000 |

As of December 31, 2002:

| Item | Contract Amount | Due Value   |
|------|-----------------|-------------|
| IRS  | USD 700.000     | USD 700.000 |

#### 4. Foreign currency options

The Company uses foreign currency option contract - a European option to manage currency exposures. As of December 31, 2003:

As of December 31, 2003:

| Counterpart   | Effective Date | Put Date   | Amount      |
|---------------|----------------|------------|-------------|
| Goldman Sachs | 2002.5.20      | 2005.5.20; | USD 594,000 |
| International |                | 2007.5.20  |             |

#### As of December 31, 2002:

| Counterpart   | Effective Date | Put Date   | Amount      |
|---------------|----------------|------------|-------------|
| Goldman Sachs | 2002.5.20      | 2005.5.20; | USD 700,000 |
| International |                | 2007.5.20  |             |

#### (b) Non-derivative financial instruments related information:

The book value of non-derivative financial instruments held by the Company as of December 31, 2003 is the same as the estimated fair market value.

#### (3) Zero coupon convertible notes related information:

Issuer: Cathay Financial Holding Co., Ltd., a financial holding company organized under the Financial Holding Company Act and the Company Law. Cathay Financial Holdings' registration number issued by the Ministry of Economic Affairs of the ROC is 118958.

Offering: The Purchaser is offering outside United States the International Notes in reliance on Regulation S under the U.S. Securities Act ("Regulation S") and is offering Rule 144A Notes concurrently in the United States through its selling agent, only to institutions that are qualified institutional buyers (or QIBs) (as defined in Rule 144A).

Issue amount: US\$700 million.

Issue price: 100%.

Maturity date: May 20, 2007.

Interest: The Notes not bear interest except in limited circumstances.

#### Conversion rights:

Subject to certain conditions, each holder of the Notes (the "Holder") will have the right during the conversion period to convert its Notes (or any portion thereof, being US\$1,000 dollars in principal amount or an integral multiple thereof) into common shares and, upon conversion may, subject to compliance with the terms and conditions of the applicable deposit agreement, direct that the common shares deliverable upon conversion be deposited with the depositary for issuance of GDSs, provided, however, that the conversion right during any closed period shall be suspended and the conversion period shall not include any such closed period. Cathay Financial Holdings shall as soon as practicable but in no event more than five trading days from the conversion date deliver common shares to the converting holders or the depositary, as the case may be.

#### Repurchase at the option of the holder:

Unless the Notes have been previously redeemed, repurchased and cancelled, or converted, each Holder shall have the right, at such Holder's option, to require Cathay Financial Holdings to repurchase all (or any portion of the principal amount thereof which is US1,000 dollars or any integral multiple thereof) of such Holder's Notes, on May 20, 2005 at a price equal to 100% of the outstanding principal amount thereof plus the redemption premium.

#### Repurchase in the event of desisting:

Unless the Notes have been previously redeemed, repurchased and cancelled, or converted, in the event that the Common Shares cease to be listed or admitted to trading on the Taiwan Stock Exchange, each Holder shall have the right, at such Holder's option, to require Cathay Financial Holdings to repurchase all (or any portion of the principal amount thereof which is US1,000 dollars or any integral multiple thereof) of such Holder's Notes at a price equal to 100% of the outstanding principal amount thereof plus the redemption premium.

#### Repurchase in the event of change of control:

Unless the Notes have been previously redeemed, repurchased and cancelled, or converted, each Holder shall have the right, at such Holder's option, to require Cathay Financial Holdings to repurchase all (or any portion of the principal amount thereof which is US1,000 dollars or any integral multiple thereof) of such Holder's Notes at a price equal to 100% of the outstanding principal amount thereof plus the redemption premium, upon the occurrence of a change of control.

#### Redemption at the option of Cathay Financial Holdings:

The Notes may be redeemed at the option of Cathay Financial Holdings, in whole but not in part, at any time on or after May 20, 2005 at a price equal to 100% of the outstanding principal amount thereof plus the redemption premium on the redemption date; provided that (a) the closing price (translated into U.S. dollars at the prevailing rate) of the common shares for a period of 30 consecutive trading days (including trading days that fall within a closed period), the last of which occurs not more than five days prior to the date on which notice of such redemption is given, is at least 130% of the conversion price (translated into U.S. dollars at the exchange rate, as defined in the indenture) and (b) the applicable redemption date does not fall within a closed period. Notwithstanding the foregoing, Cathay Financial Holdings may redeem, in whole but not in part, the Notes at any time, on not less than 30 nor more than 60 days' notice, if at least 90% in principal amount of the Notes originally outstanding have been redeemed, repurchased and cancelled, or converted, at a redemption price equal to 100% of the outstanding principal amount thereof plus the redemption premium on the redemption date; provided that the applicable redemption date does not fall within a closed period.

#### Tax redemption:

If, as a result of certain changes relating to the ROC tax laws or such other jurisdiction in which Cathay Financial Holdings is then organized, Cathay Financial Holdings becomes obligated to pay certain additional amounts, the Notes may be redeemed at the option of Cathay Financial Holdings, in whole but not in part, at a price equal to 100% of the outstanding principal amount thereof plus the redemption premium on such redemption date.

#### Redemption amount at maturity:

Unless the Notes have been previously redeemed, repurchased and cancelled, or converted, Cathay Financial Holdings will redeem the Notes on the maturity date (as defined herein) at a price equal to 100% of the outstanding principal amount thereof plus the redemption premium.

#### Negative pledge:

Subject to certain exceptions, Cathay Financial Holdings will not, and will procure that none of its principal subsidiaries will, create or permit to subsist any lien to secure for the benefit of the holders of any international investment securities any sum owing in respect thereof or any guarantee or indemnity thereof without making effective provision to secure the Notes (a) equally and ratably with such international investment securities with a similar lien or (b) with such other security as shall be approved by Holders of not less than a majority in aggregate principal amount of the outstanding Notes.

#### Further issues:

Cathay Financial Holdings may from time to time without the consent of the Holders of the Notes create and issue further securities having the same terms and conditions as the Notes in all respects so that such further issue shall be consolidated and form a single series with the respective Notes.

#### Governing law:

The indenture, the Notes and the deposit agreements are governed by, and construed in accordance with, the laws of the State of New York.

#### Listing:

The international Notes have been listed on the Luxembourg Stock Exchange and the Rule 144A Notes have been designated for trading on the PORTALSM Market in the United States. Application has been made to have the International GDSs issuable upon conversion of the Notes listed on the Luxembourg Stock Exchange.

#### Trading market for the common shares:

The only trading market for the common shares is the Taiwan Stock Exchange. The common shares have been listed on the Taiwan Stock Exchange since December 31, 2003.

- (4) The Convertible bondholders have not yet exercise their conversion rights as of December 31, 2003.
- (5) As of December 31, 2003 the consolidated capital adequacy ratio was 120.71%.

#### Annotation 1:

On April 11, 2002, Cathay United Bank Co., Ltd. had transferred its delinquent assets to Taiwan Asset Management Corporation, and the related losses amounted to NT\$1,894,609(US\$54,600). According to Article 15 of the ROC Financial Institution Merger Law, the losses on the transaction are amortized monthly over five years starting from April 2002. As of December 31,2002, the unamortized loses on disposal of delinquent assets amounted to NT\$1,610,418(US\$46,410), classified as other assets. According to general accepted accounting principles, the losses should be recognized as current expenses on the transaction date. Therefore, the above accounting treatment results in decreased the provision for credit losses and increased the net income before tax of its subsidiary by NT\$316,092(US\$9,300), respectively, and the net income after tax of its subsidiary increased by NT\$237,069 (US\$6,975) from January 1 to October 16, 2003. In 2002, its subsidiaries have provision for credit losses increased and net

income before tax decreased by NT\$1,610,418(US\$46,410), respectively, and the net income after tax of its subsidiary decreased by NT\$1,207,813(US\$34,807). From Jan. 1 to Oct. 16, 2003, provision for credit losses of its subsidiary decreased by NT\$316,092 (US\$9,300), the net income before tax of its subsidiary increased by NT\$316,092(US\$9,300), and the net income after tax of its subsidiary increased by NT\$237,069 (US\$6,975). In the year December 31, 2002, provision for credit losses of its subsidiary increased by NT\$1,610,418 (US\$46,410), the net income before tax of its subsidiary decreased by NT\$1,610,418 (US\$46,410) and the net income after tax of its subsidiary decreased by NT\$1,207,813(US\$34,807).

#### Annotation 2

UWCCB and Cathay United Bank were merged on October 27, 2003. After merged, UWCCB becomes the Surviving Company but re-named under Cathay United Bank Co., Ltd.
